EXPLANATORY NOTE

(This note is not part of the Order)

This Order implements certain measures required by Council Directives 2001/32/EC and 2001/33/EC both of 8th May 2001 (OJ No. L127, 9.5.2001, p. 38 and OJ No. L127, 9.5.2001, p. 42 respectively) by amending the Plant Health (Forestry) (Great Britain) Order 1993 (SI 1993/1283) (“the Order”). The first Directive amends the protected zones established under the principal Plant Health Directive, Council Directive 2000/29/EC (OJ No. L169, 10.7.2000, p. 1) and the latter provides for consequential amendments to certain Annexes of that Directive.

The Order is amended to remove the protected zone in respect of the pest *Pissodes* spp. (European) which is present in Great Britain and which has now spread to Northern Ireland and Ireland (article 2(4)), and to modify the protected zone within England in respect of the pest *Dendroctonus micans*, (article 2(5)).

Amendments are also made to update the references to the principal Plant Health Directive, Council Directive 2000/29/EC, having replaced the previous Directive 77/93/EEC (OJ No. L26, 31.1.77, p. 20) (articles 2(2), (3) and (6)).

No Regulatory Appraisal has been prepared in respect of this Order.
