8. Irradiated reactor fuel being used, stored or transported within the United Kingdom		Any quantity
9. Irradiated reactor fuel being transported outside the United Kingdom, other than	Any quantity	

In this Schedule—

“enriched uranium” means uranium enriched so as to contain more than 0.711% of uranium-235;

“irradiated” and “previously separated” have the meanings given in regulation 3(2).

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.
