

SCHEDULE 2

OLD PRESSURE RECEPTACLES

Exceptions

10.—(1) This Schedule shall not apply to an old pressure receptacle which—

- (a) forms part of equipment of any—
 - (i) ship to which the Merchant Shipping Act 1995(1) applies or would apply if the ship were registered in Great Britain;
 - (ii) ship or other vessel in the service of the Crown; or
 - (iii) spacecraft, aircraft, hovercraft or hydrofoil;
- (b) forms part of, or is intended to form part of, a weapons system;
- (c) is the subject of a research experiment;
- (d) comprises temporary apparatus being used in a research experiment, where it is not reasonably practicable to comply with paragraph 3;
- (e) is refillable and has an internal volume of less than 0.5 litres or more than 5000 litres; or
- (f) contains dangerous goods at a pressure of less than 0.5 bar above atmospheric pressure.

(2) The requirements of this Schedule, other than paragraph 5(3), shall not apply to any non-refillable transportable pressure receptacle which has an internal volume of less than 1.4 litres or more than 5 litres.

(3) Paragraphs 3, 4 and 5(1)(a) shall not apply to an old pressure receptacle which—

- (a) is refillable;
- (b) is used solely for containing liquefied petroleum gas; and
- (c) has a water capacity of up to 6.5 litres.
