The Air Navigation Order 2005

PART 5

Operation of Aircraft

Public transport operations at night or in Instrument Meteorological Conditions by aeroplanes with one power unit which are registered elsewhere than in the United Kingdom

46. An aeroplane which is registered elsewhere than in the United Kingdom and is powered by one power unit only shall not fly for the purpose of public transport at night or when the cloud ceiling or visibility prevailing at the aerodrome of departure or forecast for the estimated time of landing at the aerodrome at which it is intended to land or at any alternate aerodrome are less than 1,000 feet and 1 nautical mile respectively.
