

## SCHEDULE 4

### REQUIREMENTS FOR COLLECTIVE SAFEGUARDS FOR ARRESTING FALLS

2. A safeguard shall be used only if—
  - (a) a risk assessment has demonstrated that the work activity can so far as is reasonably practicable be performed safely while using it and without affecting its effectiveness;
  - (b) the use of other, safer work equipment is not reasonably practicable; and
  - (c) a sufficient number of available persons have received adequate training specific to the safeguard, including rescue procedures.
