PART 1

Introduction

Citation, commencement and interpretation

1.—(1) These Regulations may be cited as the Pensions Schemes (Application of UK Provisions to Relevant Non-UK Schemes) Regulations 2006 and shall come into force on 6th April 2006.

(2) In these Regulations—

“the Act” means the Finance Act 2004 any reference (without more) to a numbered section or Schedule is a reference, as the case requires, to the section of, or Schedule to, the Act which bears that number;

“benefit crystallisation event 8” means the event which constitutes benefit crystallisation event 8 in section 216;

“recognised overseas pension scheme” has the meaning given by section 150(8); and

“relevant non-UK scheme” has the same meaning given by paragraph 1(5) of Schedule 34.

(1) [2004 c. 12](#). The functions of the Commissioners of Inland Revenue, including those under which this instrument is made, were transferred to the Commissioners for Her Majesty's Revenue and Customs by section 5 of the Commissioners for Revenue and Customs Act [2005 \(c. 11\)](#).

PART 2

Application and computation of UK tax charges

Computation of a member's UK tax-relieved fund under a relevant non-UK scheme

2. The amount of a member's UK tax-relieved fund under a relevant non-UK scheme is the aggregate of—

- (a) the amounts which, for each tax year before that in which the computation falls to be made, would have been arrived at in relation to arrangements under the relevant non-UK scheme relating to the individual as pension input amounts under sections 230 to 238 of the Act (annual allowance) as they apply by virtue of paragraph 8 of Schedule 34 to the Act, and
- (b) the amount which would be so arrived at if the period beginning with 6th April of the tax year in which the computation falls to be made; and ending immediately before the making of the computation, were a tax year,

assuming that section 229(3) did not apply.

Computation of a member's relevant transfer fund

3. The amount of a member's relevant transfer fund under a relevant non-UK scheme (that scheme being referred to here as “the RNUKS”) is the sum of—

- (a) the amount crystallised by virtue of benefit crystallisation event 8 on the transfer from a UK registered scheme to the RNUKS; and
- (b) so much of the member's UK tax-relieved fund under any other relevant non-UK scheme as has been transferred to the RNUKS but has not been subject to the unauthorised payments charge; and
- (c) so much of the member's relevant transfer fund under any other relevant non-UK scheme as has been transferred to the RNUKS—
 - (i) without being subject to the unauthorised payments charge; and
 - (ii) at a time when the other relevant non-UK scheme is a recognised overseas pension scheme.

Attributing payments to particular funds under a relevant non-UK scheme

4.—(1) This regulation applies to determine to which part of a relevant non-UK scheme a payment to, or in respect of, a member is referable.

(2) It shall be assumed that—

- (a) payments made by the scheme to or in respect of the member are made out of the member's UK tax-relieved fund in priority to any other fund under that scheme; and
- (b) the amount of the member's UK tax-relieved fund is reduced by the amount paid out of the scheme.

(3) If the member's UK tax-relieved fund is nil, or has been reduced to nil, it shall be assumed that—

- (a) payments made by the scheme to or in respect of the member are made out of the relevant transfer fund in priority to any other fund under that scheme; and
- (b) the amount of the relevant transfer fund is reduced by the amount paid out of the scheme.

17. In Schedule 34 after paragraph 19 add—

“Revenue and Customs discretion

19A.—(1) Sub-paragraph (2) applies to—

 - (i) a relieved member of a relevant non-UK scheme, or
 - (ii) a transfer member of such a scheme;
- (b) the annual allowance provisions in relation to an individual who is a currently-relieved member of a currently-relieved non-UK scheme; and
- (c) the lifetime allowance provision charge in relation to an individual who is a relieved member of a relieved non-UK pension scheme.

(2) If it appears to an officer of Revenue and Customs that, by reason of some non-compliance with the requirements set out in this Part, which in the officer’s view does not materially affect the nature of a payment, the payment, or the member in respect of whom it is payable, would be treated less favourably by the strict application of the provisions mentioned in paragraph (1) than in the officer’s view is appropriate, sub-paragraph (3) applies.

(3) If this sub-paragraph applies, an officer of Revenue and Customs—

- (a) may decide, and
- (b) if requested to do so by a member falling within any of the descriptions in paragraphs (a) to (c) of sub-paragraph (1), shall decide,

whether, notwithstanding the non-compliance referred to in sub-paragraph (2), the treatment which, but for that non-compliance, would have applied under this Part should apply to the payment or the member (as the case may be).

This is subject to the qualification in sub-paragraph (4).

(4) An officer of Revenue and Customs shall not make a decision under sub-paragraph (3) that, notwithstanding the difference referred to in sub-paragraph (2), the provisions of this Part shall apply to the payment or the member unless—

- (a) it appears to the officer that the effect of the decision would be to reduce the total cumulative tax liability in respect of the charges mentioned in subparagraph (1) of the member whose tax liability would be affected by it, taking one year with another;
- (b) the officer has first given at least 28 days’ notice of his intention to make the decision to the member whose tax liability would be affected by it; and
- (c) the member has—
 - (i) consented to the making of the decision; or
 - (ii) failed to respond to the notice within the period specified in paragraph (b).

(5) If an officer of Revenue and Customs decides under sub-paragraph (3) that—

- (a) the conditions for the exercise of his discretion under that paragraph are not met; or
- (b) the conditions for its exercise are met, but that it is otherwise inappropriate for him to exercise it in favour of the member,

the member may appeal against the decision.

(6) Subsections (3) to (5) of section 170 apply for the purposes of a decision by an officer of Revenue and Customs under sub-paragraph (3) as they apply to a decision under section 169(5).

(7) The Commissioners before whom an appeal under paragraph (5) is brought must consider—

- (a) whether the conditions for the exercise of the discretion of an officer of Revenue and Customs have been met; and
 - (b) if they are satisfied that those conditions have been met, whether the discretion ought to have been exercised in favour of the member.
- (8) If they decide that the conditions for the exercise of that discretion have not been met, they must dismiss the appeal.
- (9) If they decide that the conditions for the exercise of that discretion have been met, they must decide whether the discretion ought to have been exercised in favour of the member.
- (10) If they decide that although the conditions are met, the discretion ought not to have been exercised in favour of the member, they must dismiss the appeal.
- (11) If they decide that the discretion ought to have been exercised in favour of the member they may so decide and the provisions of this Part shall apply accordingly to the member or the payment in question (as the case may be).
- (12) A decision under sub-paragraph (8) or (10) is final but subject to any further appeal or any determination on, or in consequence of, a case stated.”.

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations serve two purposes. First, they provide a method of computing the amount to be charged to UK tax in respect of a payment by a relevant non-UK pension scheme which is referable to a member's UK tax-relieved funds and secondly they modify the provisions of Part 4 of the Finance Act 2004 ("the Act") in its application to relevant non-UK schemes.

Regulation 1 provides for the citation and commencement of the instrument and the interpretation of certain terms used in it.

Regulation 2 provides the method of computing the amount of a member's UK tax-relieved fund under a relevant non-UK scheme.

Regulation 3 provides the method of computing the amount of a member's relevant transfer fund under a relevant non-UK scheme.

Regulation 4 provides the rule for attributing payments out of a relevant non-UK scheme which are made to, or in respect of, a member to the member's UK tax-relieved fund and the relevant transfer fund.

Regulation 5 introduces the modifications to the Part 4 of the Act.

Regulations 6 to 17 make the modifications. The purpose of the modifications is to ensure that the new regime for pensions which are subject to UK taxation set out in Part 4 of the Act works in the context of relevant non-UK schemes as defined in paragraph 1(5) of Schedule 34 to the Act.

Regulation 17 makes a modification to Schedule 34 by inserting a notional paragraph 19A. This provides the Inland Revenue with a discretionary power to mitigate, in relation to relevant non-UK schemes, the charges to tax which would otherwise arise under Part 4 of the Act, if it appears to them that any difference in the operation of the relevant non-UK scheme from that prescribed by Part of the Act is not material, and that it is appropriate to mitigate the effect of the strict rules.

A regulatory impact assessment in respect of the provisions of Part 4 of the Finance Act 2004 and subordinate legislation under it was published by the Board of Inland Revenue on 8 April 2004, and is available on the Inland Revenue website at www.inlandrevenue.gov.uk/ria/simplifying-pensions.pdf or obtained by writing to Inland Revenue, Capital & Savings Ministerial Correspondence Unit, 1st Floor, Ferrers House, PO Box 38, Castle Meadow Road, Nottingham, NG2 1BB.
