EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations amend four sets of Regulations which, with other Regulations, implement Directive [2004/22/EC](#) of the European Parliament and of the Council on measuring instruments (OJNo. L135, 30.4.04, p.1) (“the Directive”).

Regulation 2(a) amends regulation 8 of the Measuring Instruments (Non-Prescribed Instruments) Regulations 2006 ([S.I. 2006/1270](#)) by providing that, in the case of the designation of notified bodies for the assessment of volume conversion devices, the designating authority may charge fees to recover its reasonable costs of designating those bodies and for carrying out periodic inspections of the activities of those bodies.

Regulation 2(b) corrects Schedule 1 to [S.I. 2006/1270](#) by deleting the requirements relating to the putting into use of water meters and heat meters.

Regulation 3 corrects a typographical error in regulation 16 of the Measuring Instruments (Automatic Rail-weighbridges) Regulations 2006 ([S.I. 2006/1256](#)), and indicates that in the case of an automatic rail-weighbridge which falls within accuracy class 1 in column 1 of the table in regulation 16, the maximum permissible error in column 2 of that table shall be 1.0%.

Regulation 4 corrects Regulation 6 of the Measuring Instruments (Automatic Catchweighers) Regulations 2006 ([S.I. 2006/1257](#)) by providing that the conformity assessment procedures to be used for mechanical systems referred to in regulation 6(1)(a)(iv) and (v) shall be those set out in Annex D1 and Annex F1 respectively to the Directive.

Regulation 5 corrects paragraph 18 of Schedule 1 to the Measuring Instruments (Cold-water Meters) Regulations 2006 ([S.I. 2006/1268](#)) by placing directly on the distributor or person legally designated for installing the cold-water meter the obligation to verify that the requirements relating to flowrate range, temperature range and relative pressure are met.

A Regulatory Impact Assessment (RIA) has been produced in respect of regulation 2 of these Regulations. The other regulations have no new impact on the costs of business. As these Regulations do not transpose new European legislation, no Transposition Note (TN) has been prepared. RIAs and TNs are available in respect of [S.I. 2006/1256](#), [S.I. 2006/1257](#), [S.I. 2006/1268](#) and [S.I. 2006/1270](#). Copies of all the RIAs and TNs can be obtained from the National Weights and Measures Laboratory, Stanton Avenue, Teddington, Middlesex TW11 0JZ or from its website at www.nwml.gov.uk. Copies have been placed in the libraries of both Houses of Parliament.
