(2) They come into force on 12th January 2007 and shall cease to have effect on 12th January 2009.

Interpretation

2. In these Regulations—

“biomass” has the meaning given in section 2AA(2)(c) of the Act(2);

“the Act” means the Hydrocarbon Oil Duties Act 1979.

(1) 1979 c.5; section 20AA was inserted by section 2(1) of the Finance Act 1989 (c.26). Relevant amendments were made to section 20AA by Part 1(4) of Schedule 23 to the Finance Act 1993 (c.34) and section 10(3) of the Finance Act 2000 (c.17). 4. The relief shall take the form of a remission of duty.

5.—(1) The amount of duty remitted shall be calculated in accordance with the formula $(A-B) \times V$ where—

A is the rate of duty charged on sulphur-free diesel specified in section 6(1A) of the Act⁽⁴⁾;

B is the rate of duty charged on biodiesel⁽⁵⁾ by section 6AA of the Act⁽⁶⁾; and

V is the volume, in litres, of that proportion of the sulphur-free diesel that is produced from hydrogenated biomass.

5.—(2) In paragraph (1) “litres” means litres of such sulphur-free diesel at a temperature of 15°C.

Conditions imposed by the Commissioners

6. Relief is allowed subject to such conditions (if any) as the Commissioners impose on the person claiming relief.

Cancellation of relief

7.—(1) If there is a contravention of, or failure to comply with, any condition imposed under regulation 6, the relief allowed shall be cancelled.

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations, which come into force on 12th January 2007, provide for a partial relief from excise duty charged on sulphur-free diesel which is partly produced from the hydrogenation of biomass. They will cease to have effect on 12th January 2009.

Regulation 2 defines terms used in the Regulations.

Regulation 3 sets out the scope of the relief.

Regulation 4 provides that the relief shall be in the form of a remission of duty.

Regulation 5 sets out how the amount of duty remitted is calculated. An amount equivalent to the duty differential between sulphur-free diesel and biodiesel is remitted on that proportion of the fuel that is produced from the hydrogenation of biomass.

Regulation 6 permits the Commissioners to impose conditions on the person claiming the relief.

Regulation 7 provides for the cancellation and recovery of the relief in cases where there is a contravention of, or failure to comply with, any condition imposed by the Commissioners under regulation 6.

A full regulatory impact assessment has not been produced for this instrument, as it has no impact on the costs of business, charities or voluntary bodies.
