EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations amend the Wireless Telegraphy (Radio Frequency Identification Equipment) (Exemption) Regulations 2005 (S.I. 2005/3471) (the “principal Regulations”) to give effect to the Commission Decision 2006/804/EC(4) on harmonisation of the radio spectrum frequency for radio frequency identification (RFID) devices operating in the ultra high frequency (UHF) band. The principal Regulations exempt the establishment or installation of RFID equipment and the use of RFID equipment so established or installed from the requirement to be licensed under section 8(1) of the Wireless Telegraphy Act 2006 (c.36) (the “Act”).

Regulation 2 amends the principal Regulations by omitting regulation 4(2) and corresponding definitions to align with the Commission Decision 2006/804/EC and by updating a reference to the Act.

A full regulatory impact assessment and report of the effect the Regulations will have on the costs to business is available from OFCOM at Riverside House, 2a Southwark Bridge Road, London SE1 9HA (tel: 020 7981 3000) or on the OFCOM internet web site at www.ofcom.org.uk. Copies of the report have also been placed in the libraries of both Houses of Parliament.
