The Street Works (Registers, Notices, Directions and Designations) (England) Regulations 2007

Designation of streets as protected

- 14.**—(1) A street authority shall not designate a street as protected under section 61 unless—
- (a) the street fulfils a specific strategic traffic need;
 - (b) the street is subject to such high and constant traffic flows that designation as a traffic-sensitive street would not be sufficient to avoid serious disruption to traffic caused by street works; and
 - (c) there exists a reasonable alternative for placing undertakers' apparatus which could lawfully be placed in the street.
- (2) The procedure for making or withdrawing such a designation is set out in the Schedule.
- (3) The information to be made available by the street authority in respect of each street for the time being designated by them as protected shall include—
- (a) the date of designation;
 - (b) particulars of the street in sufficient detail to enable it to be identified; and
 - (c) particulars of all consents to the placing of apparatus in the street.
