

SCHEDULE 6

Additional conditions that apply to the keeping of calves confined for rearing and fattening

Floors

7. Where calves are kept in a building, floors must—
 - (a) be smooth but not slippery;
 - (b) be designed, constructed and maintained so as not to cause injury or suffering to calves standing or lying on them;
 - (c) be suitable for the size and weight of the calves; and
 - (d) form a rigid, even and stable surface.
