

## SCHEDULE 9

Regulation 35(c)

### Provision in relation to waste operations

#### **Application**

1. This Schedule applies in relation to every waste operation.

#### **Grant of an environmental permit: requirement for prior planning permission**

2.—(1) Following an application under regulation 13(1), the regulator must not grant an environmental permit in relation to a relevant waste operation if use of the site for carrying on that operation requires a planning permission and no such permission is in force.

(2) In this paragraph—

- (a) “planning permission” means planning permission under the Town and Country Planning Act 1990(1) and includes—
  - (i) a certificate under section 191 of that Act(2), and
  - (ii) an established use certificate under section 192 of that Act, as originally enacted, which continues to have effect for the purposes of subsection (4) of that section;
- (b) “relevant waste operation” means—
  - (i) a waste operation that is carried on other than at an installation or mobile plant, or
  - (ii) a specified waste management activity.

(3) In sub-paragraph (2)(b), “specified waste management activity” means one of the following activities—

- (a) the disposal of waste in a landfill falling within Section 5.2 of Part 2 of Schedule 1;
- (b) the disposal of waste falling within Section 5.3 of Part 2 of Schedule 1;
- (c) the recovery of waste falling within Part A(1)(c)(i), (ii), (v) or (vii) of Section 5.4 of Part 2 of Schedule 1.

(4) But “specified waste management activity” does not include any activity specified in sub-paragraph (3)(b) or (c) if that activity—

- (a) is carried on at the same installation as a Part A(1) activity not specified in sub-paragraph (3); and
- (b) is not the activity which constitutes the primary purpose for operating the installation.

#### **Exercise of relevant functions: all waste operations**

3. The regulator must exercise its relevant functions—
  - (a) for the purposes of implementing Article 4 of the Waste Framework Directive; and
  - (b) so as to ensure that the records referred to in Article 14 of the Waste Framework Directive are kept and made available to the regulator on request.

#### **Exercise of relevant functions: disposal of waste**

- 4.—(1) The regulator must exercise its relevant functions in relation to disposal of waste—
