EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations amend the Wireless Telegraphy (Automotive Short Range Radar) (Exemption) (No. 2) Regulations 2005 ([S.I. 2005/1585](#)) (the “principal Regulations”) which exempt the establishment or installation of automotive short range radar equipment in a vehicle and the use of automotive short range radar equipment so established or installed from the requirement to be licensed under section 8(1) of the Wireless Telegraphy Act 2006 ([c. 36](#)). The principal Regulations implemented the Commission Decision [2005/50/EC](#) (the “Decision”) on the harmonisation of the 24 GHz radio spectrum band for the time-limited use by automotive short-range radar equipment in the Community (OJ No L 21, 25.1.05, p. 15).

Regulation 2 makes amendments to update references from the Wireless Telegraphy Act 1949 ([c. 54](#)) to the Wireless Telegraphy Act 2006 ([c. 36](#)). Regulation 2 also amends regulation 4(7) of the principal Regulations so that the time-limited exemption for equipment capable of manual deactivation provided for in Article 6(3) of the Decision applies only to equipment (or replacing such equipment) established or installed in vehicles put into service in the Community before 27th February 2008.
