ELECTRICITY

**The Electricity (Applications for Licences,
Modifications of an Area and Extensions and
Restrictions of Licences) Regulations 2008**

Made - - - - *8th September 2008*

Coming into force - - *1st October 2008*

The Gas and Electricity Markets Authority⁽¹⁾, in exercise of the powers conferred by sections 6A(2), (3) and (6) and 60 of the Electricity Act 1989⁽²⁾ makes the following Regulations:

Citation, commencement and revocation

1.—(1) These Regulations may be cited as the Electricity (Applications for Licences, Modifications of an Area and Extensions and Restrictions of Licences) Regulations 2008 and shall come into force on 1st October 2008.

(2) The Electricity (Applications for Licences, Modifications of an Area and Extensions and Restrictions of Licences) Regulations 2007⁽³⁾ (“the 2007 Regulations”) are revoked.

Transitional provisions

2.—(1) Where an application has been made under the 2007 Regulations but at the date upon which these Regulations come into force the application has neither been granted nor refused, the application shall be treated thereafter as having been made under these Regulations.

(2) An application to which paragraph (1) applies which conformed to the requirements of the 2007 Regulations and was accompanied by the fee prescribed under those regulations shall not be treated as defective by virtue only of failure in any respect to comply with these Regulations.

(3) Where, in relation to an application to which paragraph (1) applies, the applicant, before the coming into force of these Regulations, published a notice of the application in accordance with the 2007 Regulations, the requirements of these Regulations as regards publication shall be taken to have been met.

(1) The Gas and Electricity Markets Authority was established under section 1(1) of the Utilities Act 2000 (c.27)

(2) 1989 c.29: with effect from 1 October 2001, section 30 of the Utilities Act 2000 introduced section 6A into the Electricity Act 1989

(3) SI. 2004/2952

Interpretation

3.—(1) In these Regulations —

“the 2000 Act” means the Utilities Act 2000⁽⁴⁾;

“the 2004 Act” means the Energy Act 2004⁽⁵⁾;

“the Act” means the Electricity Act 1989;

“application” means an application for a licence or for a modification of a licence under the Act and references to an application in respect of a licence shall be construed accordingly;

“shares” in relation to an applicant with share capital, means allotted shares; in relation to an applicant with capital but no share capital, means rights to share in the capital of the applicant; and in relation to an applicant without share capital, means interests (i) conferring any right to share in the profits or liability to contribute to the losses of the applicant; and (ii) giving rise to an obligation to contribute to the debts or expenses of the applicant in the event of winding up;

“signed” includes signed in a manner which would for the purposes of section 7 of the Electronic Communications Act 2000⁽¹⁰⁾ be an electronic signature;

“supply licence” means a licence granted or to be granted under section 6(1)(d) of the Act;

⁽⁴⁾ 2000 c.27

⁽⁵⁾ 2004 c.20

⁽⁶⁾ section 6 was substituted by section 30 of the Utility Act 2000

⁽⁷⁾ section 6(1)(e) was inserted by section 145 of the Energy Act 2004

⁽⁸⁾ section 6(6B) was inserted by section 136 of the Energy Act 2004

⁽⁹⁾ 2006 c.46

⁽¹⁰⁾ 2000 c.7

“transmission licence” means a licence granted or to be granted under section 6(1)(b) of the Act⁽¹¹⁾; and

“ultimate holding company” means a holding company (within the meaning of sections 736, 736A and 736B of the Companies Act 1985⁽¹²⁾) of the licensee which is not itself a subsidiary of another company, which is in the position to control, or exercise significant influence over, a policy of the licensee by virtue of rights under contractual arrangements or rights of ownership which are held by the company or of which the company is a beneficiary.

(2) In these Regulations, unless the context otherwise requires, a reference to a standard condition is a reference, —

(a) in relation to a distribution licence, a generation licence, a supply licence or a transmission licence, to a standard condition which is determined under section 33(1) of the 2000 Act⁽¹³⁾ or section 137(1) of the 2004 Act; or

(b) in relation to an interconnector licence, to a standard condition which is determined under section 146(1) of the 2004 Act,

subject to any modifications of the standard conditions made under Part I of the Act, the 2000 Act, or the 2004 Act after the determination under those sections.

(3) In these Regulations—

(a) any reference to a numbered Schedule is a reference to the Schedule bearing that number in these Regulations; and

(b) any reference to a numbered paragraph is a reference to the paragraph bearing that number in the regulation in which the reference occurs.

Manner of Application

4. An application shall be—

(a) made in writing, addressed to the Authority and delivered or sent by prepaid post to the Authority at its principal office or sent by electronic mail to an address specified by the Authority; and

(b) signed and dated by or on behalf of the applicant, stating, where signed on behalf of the applicant, the capacity of the signatory.

Form of application

5. An application shall be made in the form specified in Schedule 1 or a form to the like effect, and shall contain the information there specified.

Additional information and documents to accompany application

6.—(1) Subject to paragraphs (2), (3) and (4)—

(a) an application in respect of a transmission licence shall be accompanied by the information and documents specified in Part 1 of Schedule 2;

(b) an application in respect of a distribution licence shall be accompanied by the information and documents specified in Part 2 of Schedule 2;

(c) an application in respect of a supply licence shall be accompanied by the information and documents specified in Part 3 of Schedule 2; and

⁽¹¹⁾ section 6(1)(b) was amended by section 136 of the Energy Act 2004

⁽¹²⁾ 1985 c.6

⁽¹³⁾ section 33(1) was amended by section 143(1) of the Energy Act 2004

- (d) an application in respect of an interconnector licence shall be accompanied by the information and documents specified in Part 4 of Schedule 2.
- (2) The obligation imposed by paragraph (1) shall, to the extent that information and documents are specified in Schedule 2 by reference to, or in relation to, a standard condition, apply—
 - (a) subject to paragraph (3), in the case of an application for a licence, as if the standard condition in question were to be included and have effect in any licence granted as a result of the application; and
 - (b) in the case of an application for a modification of an area, or for an extension or restriction of a licence, in relation to such of the standard conditions in question as have been included and have effect in that licence.
- (3) Where a modification to any standard condition is requested in accordance with paragraph 4 of Schedule 1, the obligation imposed by paragraph (2)(a) shall be modified accordingly.
- (4) The obligation imposed by paragraph (1)(a), (b) and (c) in relation to an application for an extension or restriction of a licence shall only apply to the extent that the information and documents differ from or add to the most recent information and documents provided in relation to an application made in accordance with these Regulations or in pursuance of a condition of the applicant's licence.

Application fees

- 7.—(1) Subject to paragraph (2), the prescribed fee in relation to an application of the description specified in the first column of the Table in Schedule 3 shall be the corresponding fee specified in the second column of that Table.
- (2) Where more than one fee would, but for this paragraph, be payable in respect of a particular application, the prescribed fee shall be the higher or highest such fee.

Publication of notice of application

- 8.—(1) The period prescribed for the purpose of section 6A(3) of the Act⁽¹⁴⁾ (notice of applications) is ten working days (“the prescribed period”).
- (2) The prescribed manner of publication for that purpose shall be either by—
 - (a) requesting the Authority to place the notice on the website address of the Authority (at “www.ofgem.gov.uk” or such other website address as may be notified to the applicant by the Authority in writing); or
 - (b) publishing the notice on the website address of the applicant and requesting the Authority to place a link to the applicant's website address on the website address of the Authority (at “www.ofgem.gov.uk” or such other website address as may be notified to the applicant by the Authority in writing).
- (3) Where an application is for the restriction of a licence, the applicant shall also ensure that notice of application is published within the prescribed period in such newspapers as are calculated to ensure that the notice is circulated throughout the area to which the proposed restriction relates.

⁽¹⁴⁾ section 6A was inserted by section 30 of the Utilities Act 2000

- (b) provide a statement that there are no relevant convictions.

SCHEDULE 2

Regulation 6

PART 1

FURTHER INFORMATION AND DOCUMENTS TO ACCOMPANY AN APPLICATION IN RESPECT OF A TRANSMISSION LICENCE

1. Provide a brief description of the activities that the applicant intends to carry out with respect to the transmission of electricity.
2. Provide a description of—
 - (a) the area to which the application relates; and
 - (b) where different to the area in sub-paragraph (a), the area in which the applicant intends to carry out activities under a transmission licence.

The description should be sufficient to enable the area or areas concerned to be adequately and readily identified by map, or by other means].

MODIFICATION OF AN AREA OF A TRANSMISSION LICENCE

3. If the application is for a modification of an area of a transmission licence and the modification in question constitutes a restriction of the area, also provide details of any of the following persons who may be affected by the application—
 - (a) any person authorised by a licence granted under section 6(1) of the Act or an exemption granted under section 5(1) of the Act;
 - (b) any person directly connected to the applicant's transmission system; and
 - (c) any other person who may reasonably be affected by the restriction which is the subject of the application.

(a) 1988 c.53.
(b) 1974 c.53.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

PART 2

FURTHER INFORMATION AND DOCUMENTS TO ACCOMPANY AN APPLICATION IN RESPECT OF A DISTRIBUTION LICENCE

1. A distribution licence may authorise the holder to operate—
 - (a) throughout Great Britain; or
 - (b) within a specified area or areas or at specified premises.

Please specify which of (a) or (b) is applicable, and in the case of (b) provide a sufficient description adequately specifying the area(s) or premises to which the application relates. The description should enable the areas or premises concerned to be adequately and readily identified by map, or by other means.

2. Provide a statement of the extent (if any) to which the applicant considers it necessary for powers under Schedule 3 (compulsory acquisition of land etc.) and under Schedule 4 (other powers etc.) to the Act to be given through the licence for which he is applying.

3. Provide particulars of the applicant's proposed arrangements for compliance with the applicable requirements of standard conditions 8 (Safety and Security of Supplies Enquiry Service) and standard condition 31 (Undertaking from Ultimate Controller).

4. Provide particulars of the applicant's proposed arrangements for compliance with the applicable requirements of any modifications that the Authority has indicated, in writing, that it proposes to make to the standard licence conditions prior to the granting of any distribution licence.

RESTRICTION OF A DISTRIBUTION LICENCE

5. —(1) If the application is for a restriction of a licence provide—
 - (a) an estimate of the total number of premises to which the applicant distributes electricity at the time of the application and to which the applicant would cease to distribute electricity if the application were acceded to ("relevant premises");
 - (b) unless there are, at the date of the application, no relevant consumers (within the meaning set out in paragraph (2)) in relation to the applicant, a description of the applicant's proposed arrangements to ensure compliance with section 16 of the Act (ensuring the connection of all such relevant consumers is maintained); and
 - (2) For the purposes of paragraph (1)(b), a person is a relevant consumer if—
 - (a) immediately before the restriction takes effect, he is connected to the distribution system of the holder of the licence; and
 - (b) his premises are to be excluded from the licence by the restriction.
-

PART 3

FURTHER INFORMATION AND DOCUMENTS TO ACCOMPANY AN APPLICATION IN RESPECT OF A SUPPLY LICENCE

1. A supply licence may authorise the holder to supply electricity—
 - (a) to any premises;
 - (b) only to premises specified in the licence, or to premises of a description so specified; or
 - (c) only to any premises situated in a specified area, or to premises of a specified description which are so situated (section 6(3) of the Act).

Please specify which of (a), (b) or (c) above is applicable. Specify or describe the premises and the location of the premises intended to be supplied, and, in the case of an application that relates to (c) above, also the specified area. Any description must be sufficient to enable the premises or area concerned to be adequately and readily identified by map, or by other means. Also state whether the application relates to domestic premises.

RESTRICTION OF A SUPPLY LICENCE

2. If the application is for a restriction of a licence provide—
 - (a) an estimate of the total number of premises to which the applicant supplies electricity at the time of the application and which the applicant would cease to supply if the application were acceded to; and
 - (b) unless there are, at the date of the application, no relevant consumers (within the meaning set out in sub-paragraph (c)) in relation to the applicant, a description of the applicant's proposed arrangements under standard condition 10 (Restriction or Revocation of licence) for—
 - (i) ensuring continuity of supply for all such relevant consumers; and
 - (ii) in the case of each such consumer who is supplied with electricity in pursuance of a contract (which does not include any contract which, by virtue of paragraph 3 of Schedule 6 to the Act, is deemed to have been made), for ensuring that the terms are the same or as similar as possible to the terms in place between it and that consumer immediately before the restriction is to have effect.
 - (c) For the purposes of sub-paragraph (b), a person is a relevant consumer if—
 - (i) immediately before the restriction takes effect, he is being supplied with electricity by the holder of the licence; and
 - (ii) his premises are to be excluded from the licence by the restriction.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

PART 4

FURTHER INFORMATION AND DOCUMENTS TO ACCOMPANY AN APPLICATION IN RESPECT OF AN INTERCONNECTOR LICENCE

1. An application in respect of an interconnector licence must specify the actual or proposed point of connection to an electricity transmission or electricity distribution network. Where the applicant is unable to specify a point of connection the applicant should provide Ordnance Survey Grid Reference co-ordinates for the proposed point of connection.
-

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

2. Where an application for a licence relates to an interconnector the construction of which was not completed by 3 August 2003, state whether the applicant seeks not to have applied to the licence any or all of the following standard licence conditions—

- (a) conditions relating to the use of revenues;
- (b) conditions relating to the charging methodology to apply to third party access to the licensee's interconnector;
- (c) conditions relating to the requirement to offer terms to an applicant for access to the licensee's interconnector.

3. Where the applicant so seeks for any or all of the licence conditions relating to the matters referred to in paragraphs 2(a), 2(b) and 2(c) above not to be in effect the following additional information must be provided in respect of those licence conditions—

- (a) the period of time for which the applicant seeks that the licence condition or conditions not be in effect;
- (b) a statement setting out the evidence and reasoning as to why the applicant considers —
 - (i) the investment in the interconnector enhances competition in electricity supply;
 - (ii) the level of risk attached to the investment to be made in relation to the interconnector is such that the investment would not be or would not have been made unless those licence conditions were not in effect;
 - (iii) that, should the licence conditions not be in effect for the period of time sought, this will not be detrimental to competition or the effective functioning of the internal electricity market, or the efficient functioning of the regulated system to which the interconnector is connected; and
- (c) a further statement that —
 - (i) the interconnector will be owned by a natural or legal person who is separate, at least in terms of its legal form, from the system operators in whose systems the interconnector to which this application relates will be built;
 - (ii) charges will be levied on users of the interconnector; and
 - (iii) since the partial market opening referred to in Article 19 of Directive 96/92/EC, no part of the capital or operating costs of the interconnector has been recovered from any component of charges made for the use of transmission or distribution systems linked by the interconnector.

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations set out the information and other documents that are required to be submitted with applications for generation, transmission, distribution, supply and interconnector licences (and for modifications of an area of transmission licences and extensions, or restrictions of supply and distribution licences) under the Electricity Act 1989, as amended by the Utilities Act 2000 and the Energy Act 2004. They specify the form and manner of such applications. These Regulations also set out the manner in which notices of applications are to be published.

These Regulations come into force on 1st October 2008.

Regulation 1 provides for the citation, commencement and revokes the previous Regulations.

Regulation 2 makes transitional provisions for applications made but not determined before these Regulations come into force.

Regulation 3 provides for general interpretation.

Regulation 4 deals with the manner of applications.

Regulation 5 concerns the form of applications, and incorporates Schedule 1 that specifies their form, and the information and documents to accompany them.

Regulation 6 specifies the additional information and documents to accompany applications. It incorporates Schedule 2, which covers, respectively, applications for:

- transmission licences, at Part 1;
- distribution licences, at Part 2;
- supply licences, at Part 3; and
- interconnector licences at Part 4.

Regulation 7 incorporates Schedule 3, which specifies the fees payable in respect of applications.

Regulation 8 provides for the notice period and publication requirements for applications. It requires applicants to request that the notice of the application is published on the Ofgem website or to publish it on their own website. If the application is for a restriction (including a modification of an area of a transmission licence to restrict that area) the applicant must also publish the notice in local newspapers.
