## EXPLANATORY NOTE

*(This note is not part of the Regulations)*

These Regulations amend the Merchant Shipping (Reporting Requirements for Ships Carrying Dangerous or Polluting Goods) Regulations 1995 (S.I. 1995/2498) and the Merchant Shipping (Vessel Traffic Monitoring and Reporting Requirements) Regulations 2004 (S.I. 2004/2110). These Regulations implement Article 2.2(b) of Directive 2002/59/EC of the European Parliament and Council of the 27th June 2002 establishing a community vessel traffic monitoring and information system and repealing Council Directive 93/75/EEC.

The effect of the amendments is to—

- apply the 2004 regulations to fishing vessels and traditional ships with a length of 45 metres and above (*regulation 3(a) and (b)*) with consequential amendments to the definition of “length” (*regulation 3(c)*),
- amend the 1995 regulations correspondingly so that they continue to apply only to fishing vessels and traditional ships to which the 2004 regulations do not apply (*regulation 2*),
- require the notification by port authorities to the Maritime and Coastguard Agency of entry into port under the 2004 regulations to be made by electronic means whenever this is practicable (*regulation 3(d)*), and
- clarify when a disclosure of information under the 2004 Regulations may be lawfully made (*regulation 3(e)*).
