

SCHEDULE 3

INSURANCE COMPANIES: COMPANIES ACT INDIVIDUAL ACCOUNTS

PART 2

ACCOUNTING PRINCIPLES AND RULES

SECTION D

HISTORICAL COST ACCOUNTING RULES

Valuation of assets

General rules

36.—(1) The rules in this Section are “the historical cost accounting rules”.

(2) Subject to any provision for depreciation or diminution in value made in accordance with paragraph 37 or 38, the amount to be included in respect of any asset in the balance sheet format is its cost.

37. In the case of any asset included under assets item B (intangible assets), C.I (land and buildings), F.I (tangible assets) or F.II (stocks) which has a limited useful economic life, the amount of—

- (a) its cost, or
- (b) where it is estimated that any such asset will have a residual value at the end of the period of its useful economic life, its cost less that estimated residual value,

must be reduced by provisions for depreciation calculated to write off that amount systematically over the period of the asset’s useful economic life.

38.—(1) This paragraph applies to any asset included under assets item B (intangible assets), C (investments), F.I (tangible assets) or F.IV (own shares).

(2) Where an asset to which this paragraph applies has diminished in value, provisions for diminution in value may be made in respect of it and the amount to be included in respect of it may be reduced accordingly.

(3) Provisions for diminution in value must be made in respect of any asset to which this paragraph applies if the reduction in its value is expected to be permanent (whether its useful economic life is limited or not), and the amount to be included in respect of it must be reduced accordingly.

(4) Any provisions made under sub-paragraph (2) or (3) which are not shown in the profit and loss account must be disclosed (either separately or in aggregate) in a note to the accounts.

39.—(1) Where the reasons for which any provision was made in accordance with paragraph 38 have ceased to apply to any extent, that provision must be written back to the extent that it is no longer necessary.

(2) Any amounts written back in accordance with sub-paragraph (1) which are not shown in the profit and loss account must be disclosed (either separately or in aggregate) in a note to the accounts.

40.—(1) This paragraph applies to assets included under assets items E.I, II and III (debtors) and F.III (cash at bank and in hand) in the balance sheet.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

(2) If the net realisable value of an asset to which this paragraph applies is lower than its cost the amount to be included in respect of that asset is the net realisable value.

(3) Where the reasons for which any provision for diminution in value was made in accordance with sub-paragraph (2) have ceased to apply to any extent, that provision must be written back to the extent that it is no longer necessary.

Development costs

41.—(1) Notwithstanding that amounts representing “development costs” may be included under assets item B (intangible assets) in the balance sheet format, an amount may only be included in a company’s balance sheet in respect of development costs in special circumstances.

(2) If any amount is included in a company’s balance sheet in respect of development costs the following information must be given in a note to the accounts—

- (a) the period over which the amount of those costs originally capitalised is being or is to be written off, and
- (b) the reasons for capitalising the development costs in question.

Goodwill

42.—(1) The application of paragraphs 36 to 39 in relation to goodwill (in any case where goodwill is treated as an asset) is subject to the following.

(2) Subject to sub-paragraph (3), the amount of the consideration for any goodwill acquired by a company must be reduced by provisions for depreciation calculated to write off that amount systematically over a period chosen by the directors of the company.

(3) The period chosen must not exceed the useful economic life of the goodwill in question.

(4) In any case where any goodwill acquired by a company is included as an asset in the company’s balance sheet, there must be disclosed in a note to the accounts—

- (a) the period chosen for writing off the consideration for that goodwill, and
- (b) the reasons for choosing that period.
