**EXPLANATORY NOTE**

*(This note is not part of the Order)*

This Order amends the Capital Allowances (Energy-saving Plant and Machinery) Order 2001 (S.I. 2001/2541, as amended). That Order implemented legislation, inserted into the Capital Allowances Act 2001 by paragraph 2 of Schedule 17 to the Finance Act 2001, so as to introduce a scheme for 100% first year allowances to encourage businesses to invest in energy-saving plant and machinery.

Article 3 of this Order substitutes new definitions of “the Energy Technology Criteria List” and “the Energy Technology Product List”.

Article 4 of this Order amends the technology class list provided by paragraph 2 of article 3 by changing “heating, ventilation and air conditioning zone controls” to “heating, ventilation and air conditioning equipment”, and by adding “uninterruptible power supplies” as a further technology class.

Article 5 adds “uninterruptible power supplies” to the list of those technologies to which section 45C of the Capital Allowances Act 2001 applies.

A full Impact Assessment has not been produced for this instrument as no impact on the private or voluntary sectors is foreseen.
