CHAPTER 5

THE COMPUTATION OF REPORTABLE INCOME

Adjustments for capital items

Treatment of capital items following IMA SORP

64.—(1) The capital items for which an adjustment is required are such profits, gains or losses as would fall to be dealt with under the heading “net capital gains/losses” in the statement of total return for the period of account if the accounts for that period were to be prepared in accordance with the IMA SORP.

(2) The amount specified in regulation 63(1) must be adjusted by—

- (a) deducting gains that fall within the heading specified in paragraph (1), and
- (b) adding losses that fall within that heading.

(3) A profit or loss from a trade may not be treated as a capital item for the purposes of this regulation.

This paragraph is subject to regulation 80.

(4) For the purposes of paragraph (1) the IMA SORP applies to determine the “net capital gains/losses” of an offshore fund for a period of account in the same way that it applies to determine the “net capital gains/losses” of an authorised investment fund for an accounting period.

(5) In this regulation—

“authorised investment fund” has the meaning given in the Authorised Investment Funds (Tax) Regulations 2006(1);

“the IMA SORP” means, in relation to any period of account for which it is required or permitted to be used, the Statement of Recognised Practice relating to authorised investment funds issued by the Investment Management Association in November 2008, as from time to time modified, amended or revised.
