
STATUTORY INSTRUMENTS

2009 No. 3015

CIVIL AVIATION

The Air Navigation Order 2009 (revoked)^{F1}

Made - - - - 17th November 2009

Laid before Parliament 24th November 2009

Coming into force in accordance with article 1

THE AIR NAVIGATION ORDER 2009 (REVOKED)

1. Citation and Commencement
2. Revocation

PART 1

Registration and Marking of Aircraft

3. Aircraft to be registered
4. CAA to register aircraft in the United Kingdom
5. Who may register aircraft in the United Kingdom
6. Application for registration
7. Changes to the register
8. Aircraft which are entered in the Register of Aircraft Mortgages
- 8A Aircraft subject to an international interest
9. General provisions concerning registration
10. Nationality and registration marks

PART 2

Air Operators' Certificates and Operational Directives

11. Requirement for an EU-OPS air operator certificate
- 11A Requirement for a Part-CAT air operator certificate
12. Requirement for and grant of national air operator's certificate
13. Requirement for and grant of police air operator's certificate
14. Offering commercial transport and public transport flights
15. Operational directives

Changes to legislation: There are currently no known outstanding effects for the The Air Navigation Order 2009 (revoked). (See end of Document for details)

PART 3

Airworthiness of Aircraft

16. Certificate of airworthiness to be in force
17. Certificate of airworthiness for State aircraft registered in the United Kingdom
18. Issue and renewal of national certificates of airworthiness
19. National certificate of airworthiness ceasing to be in force and issue of airworthiness directives for non-EASA aircraft
20. Issue of airworthiness directives for EASA aircraft
21. Issue of national permits to fly
22. National permits to fly ceasing to be in force and issue of airworthiness directives for permit aircraft
23. Limitations of national permits to fly
24. Issue and validity of certificates of validation of permits to fly or equivalent documents
25. Requirement for an approved maintenance schedule and a certificate of maintenance review for non-EASA aircraft
26. Issue of a certificate of maintenance review for non-EASA aircraft
27. Technical Log for non-EASA aircraft
28. Requirement for a certificate of release to service for non-EASA aircraft
29. Circumstances where a certificate of release to service is not required
30. Contents of a certificate of release to service
31. Who may issue a certificate of release to service
32. Requirement for a certificate of release to service for EASA aircraft
33. Licensing of maintenance engineers
34. Aircraft, engine and propeller log books for non-EASA aircraft
35. Aircraft weight schedule
36. Access and inspection for airworthiness purposes

PART 3A

Continuing airworthiness of aircraft with a non-expiring national certificate of airworthiness

- 36A Requirement for and validity of a national airworthiness review certificate
- 36B Validity of the national airworthiness review certificate
- 36C Other circumstances in which an aircraft must not fly
- 36D Initial issue of national airworthiness review certificate
- 36E Subsequent issue of national airworthiness review certificate
- 36F Aircraft maintenance programme
- 36G Commercial air transport aircraft, public transport aircraft and non-military State aircraft
- 36H Extension of a national airworthiness review certificate of an aircraft in a controlled environment
- 36I Extension of a national airworthiness review certificate of an aircraft which is not in a controlled environment which has a maximum total weight authorised of 2730kg or less
- 36J Extension of a national airworthiness review certificate of other aircraft which are not in a controlled environment
- 36K Conduct of an airworthiness review
- 36L Conduct of an annual review
- 36M Approval of continuing airworthiness management organisation
- 36N Approval of aeroplane and rotorcraft maintenance organisation

360 General provisions concerning airworthiness reviews

PART 4

Equipment of Aircraft

37. Equipment of aircraft
38. Carriage and use of equipment
39. Radio communication and radio navigation equipment of aircraft
40. Notified radio communication and radio navigation equipment to be carried on flights for the purpose of commercial air transport
41. Minimum equipment requirements

PART 5

Crew Required to be Carried

42. Required flight crew of aircraft
43. Flight crew required by aircraft registered in the United Kingdom
44. Pilots required on public transport flights by flying machines over 5700kg
45. Pilots required on public transport flights by aeroplanes of 5700kg or less
46. Pilots required on public transport flights by helicopters of 5700kg or less
47. Flight navigators or navigational equipment required on public transport flights
48. Required cabin crew of aircraft
49. Power to direct additional crew to be carried

PART 6

Flight Crew Licensing - Requirement for Licence

50. Requirement for appropriate licence to act as member of flight crew of EASA aircraft registered in the United Kingdom
- 50A. Requirement for appropriate licence to act as member of flight crew of non-EASA aircraft registered in the United Kingdom
- 50B. Appropriate licence
51. Flight crew licence requirement – Exception to act as flight radiotelephony operator
52. Flight crew licence requirement – Exception for solo flying training in non-EASA aircraft
53. Flight crew licence requirement – Exception for dual flying training in non-EASA aircraft
54. Flight crew licence requirement – Exception for non-EASA gyroplanes at night
55. Flight crew licence requirement – Exception for non-EASA balloons
56. Flight crew licence requirement – Exception for pilot undergoing training or tests in non-EASA aircraft
57. Flight crew licence requirement – Exception for navigators and flight engineers
58. Flight crew licence requirement – Exception for members of HM Forces
59. Flight crew licence requirement – Exceptions for gliders
60. Flight crew licence requirement – Exception for non-EASA aircraft where CAA permission granted
61. Requirement for appropriate licence to act as member of flight crew of non-EASA aircraft registered elsewhere than in the United Kingdom

Changes to legislation: There are currently no known outstanding effects for the The Air Navigation Order 2009 (revoked). (See end of Document for details)

- 61A Requirement for appropriate licence to act as member of flight crew of EASA aircraft and specified non-EASA aircraft registered elsewhere than in the United Kingdom
- 62. Deeming a non-United Kingdom flight crew licence and any Part-FCL licence valid for non-EASA aircraft and deeming a non-United Kingdom radiotelephony licence valid for any aircraft
- 63. Permission required where licence does not meet relevant minimum standards

PART 7

Flight Crew Licensing – Grant of Licence and Maintenance of Privileges

- 64. Grant, renewal and privileges of United Kingdom flight crew licences
- 65. Ratings and qualifications
- 66. Maintenance of privileges of aircraft ratings specified in Section 1 of Part B of Schedule 7 in United Kingdom pilot licences for balloons, airships, gliders and gyroplanes
- 67. Maintenance of privileges of aircraft ratings specified in Section 1 of Part B of Schedule 7 in United Kingdom aeroplane and helicopter licences
- 68. Maintenance of privileges of other ratings specified in Section 1 of Part B of Schedule 7
- 69. Maintenance of privileges of ratings specified in Sections 2 and 3 of Part B of Schedule 7
- 70. Maintenance of privileges of Flight Engineers' Licences
- 71. Maintenance of privileges of Flight Navigators' Licences
- 72. Requirement for a medical certificate for a United Kingdom licence and a National Private Pilot's Licence (Helicopters)
- 72A Issue and validity of a medical certificate for a United Kingdom licence and a National Private Pilot's Licence (Helicopters)
- 72B Requirement for a Part MED medical certificate for a Part-FCL licence
- 73. Requirement for a medical declaration
- 73A Issue and validity of a medical declaration
- 73B Issue of Light Aircraft Pilot Licence medical certificates
- 73C Occupational health medical practitioners
- 74. Licence holder not to act as member of flight crew when unfit
- 75. Training for landing on or taking off from water

PART 8

Flight Crew Licensing – General Provisions

- 76. Person not to fly after failing test
- 77. Approval of training and testing
- 78. Validation of licences
- 79. Personal flying log...
- 80. Instruction in flying
- 81. Glider pilots – minimum age
- 82. Licences and ratings no longer to be granted
- 82A Status of licences issued by the CAA

PART 9

Requirement for Operations and Training Manuals

- 83. Operations manual

- 84. Police operations manual
- 85. Training manual

PART 10

Duties of commander

- 86. Pre-flight action by commander of aircraft on private, aerial work or public transport flight
- 87. Commander to be satisfied that flight can be safely completed
- 88. Passenger briefing by commander
- 89. Public transport of passengers – commander to ensure demonstration of lifejackets
- 90. Public transport of passengers – commander to ensure crew, passengers and baggage secure
- 91. Public transport of passengers – commander to ensure demonstration of use of oxygen
- 92. Aerial work and private flights – commander to ensure demonstration of use of oxygen
- 93. Pilot to remain at controls and be secured in seat

PART 11

Public Transport Operations

- 94. Flight data monitoring, accident prevention and flight safety programme
- 95. Public transport – operator's responsibilities in relation to crew
- 96. Public transport – operator's responsibilities in relation to routes and aerodromes
- 97. A to A commercial air transport aeroplane operations and public transport flights by aeroplanes at night or in specified meteorological conditions

PART 12

Loading of public transport aircraft

- 98. Operator's duty concerning the loading of public transport aircraft
- 99. Requirement to load in accordance with loading instructions
- 100. Requirement for a load sheet
- 101. Carriage of baggage
- 102. Exceptions

PART 13

Performance Requirements and Operating Minima for Public Transport Flights

- 103. Aeroplanes registered in the United Kingdom – public transport operating conditions and performance requirements
- 104. Helicopters registered in the United Kingdom – public transport operating conditions and performance requirements
- 105. Helicopters registered in the United Kingdom carrying out Performance Class 3 operations
- 106. Helicopters registered in the United Kingdom carrying out Performance Class 1 and 2 operations
- 107. Public transport aircraft registered in the United Kingdom – aerodrome operating minima

Changes to legislation: There are currently no known outstanding effects for the The Air Navigation Order 2009 (revoked). (See end of Document for details)

108. Public transport aircraft registered elsewhere than in the United Kingdom – aerodrome operating minima

PART 14

Operating Minima and Equipment Requirements for Aerial Work and Private Aircraft

109. Aerial work and private aircraft – aerodrome operating minima
110. Aerial work and private aircraft – survival equipment

PART 15

Operations – General Provisions

111. Wearing of survival suits by crew
112. Operation of radio in aircraft
113. Operation of airborne collision avoidance system
114. Training in operation of airborne collision avoidance system
115. Operation of vibration health monitoring systems
116. Method of carriage of persons
117. Functioning of exits – A to A commercial air transport aeroplanes and public transport aeroplanes and helicopters
118. Marking of exits – A to A commercial air transport aeroplanes and public transport aeroplanes and helicopters
119. Marking of break-in areas
120. Flights over any foreign country

PART 16

Height keeping and navigation

121. Minimum navigation performance
122. Height keeping performance – aircraft registered in the United Kingdom
123. Height keeping performance – aircraft registered elsewhere than in the United Kingdom
124. Area navigation and required navigation performance capabilities - aircraft registered in the United Kingdom
125. Area navigation and required navigation performance capabilities - aircraft registered elsewhere than in the United Kingdom

PART 17

Towing and Dropping

126. Towing of gliders
127. Operation of self-sustaining gliders
128. Towing, picking up and raising of persons and articles
129. Dropping of articles and animals
130. Dropping of persons and grant of parachuting permissions
131. Dropping articles for purposes of agriculture etc and grant of aerial application certificates

PART 18

Dangerous Goods, Weapons and Munitions of War

132. Carriage of dangerous goods

- 133. Carriage of weapons and of munitions of war – requirement for permission and for commander to be informed
- 134. Prohibition on carrying on board sporting weapons or munitions of war
- 135. Exceptions concerning carriage of weapons and munitions of war
- 136. Definitions

PART 19

Prohibited Behaviour

- 137. Endangering safety of an aircraft
- 138. Endangering safety of any person or property
- 139. Drunkenness in aircraft
- 140. Smoking in aircraft
- 141. Authority of commander of an aircraft
- 142. Acting in a disruptive manner
- 143. Stowaways

PART 20

Fatigue of Crew and Protection of Crew from Cosmic Radiation

- 144. Application and interpretation of Part 20
- 145. Fatigue of crew – operator's responsibilities
- 146. Fatigue of crew – responsibilities of crew
- 147. Flight times – responsibilities of flight crew
- 148. Protection of air crew from cosmic radiation
- 149. Fatigue of crew – responsibilities of EU-OPS and Part-CAT operators

PART 21

Documents and Records

- 150. Documents to be carried
- 151. Keeping and production of records of exposure to cosmic radiation
- 152. Use of flight recording systems
- 153. Preservation of records of aeroplane flight data recorder
- 154. Preservation of records of helicopter flight data recorder
- 155. Preservation of records of helicopter cockpit voice recorder/flight data recorder
- 156. Production of documents and records
- 157. Production of air traffic service equipment documents and records
- 158. Power to inspect and copy documents and records
- 159. Preservation of documents, etc.

PART 22

Aircraft in Flight

- 160. Rules of the Air
- 161. Power to prohibit or restrict flying
- 162. Flying displays
- 163. Balloons
- 164. Gliders, kites and parascending parachutes
- 165. Airships
- 166. Small unmanned aircraft
- 167. Small unmanned surveillance aircraft

Changes to legislation: There are currently no known outstanding effects for the The Air Navigation Order 2009 (revoked). (See end of Document for details)

168. Rockets

PART 23

Air Traffic Services

- 169. Requirement for an air traffic control approval
- 170. Duty of person in charge to satisfy himself as to competence of controllers
- 171. Manual of air traffic services
- 172. Provision of air traffic services
- 173. Making of an air traffic direction in the interests of safety
- 174. Making of a direction for airspace policy purposes
- 175. Use of radio call signs at aerodromes
- 176. Approval of instrument flight procedures

PART 24

Licensing of air traffic controllers

- 177. Prohibition of unlicensed student air traffic controllers and air traffic controllers
- 178. Prohibition of unlicensed student air traffic controllers
- 179. Acting as an air traffic controller: exceptions
- 180. Acting as an air traffic controller and a student air traffic controller
- 181. Grant of student air traffic controller's licences
- 182. Grant of air traffic controller's licence
- 183. Language proficiency: additional requirements
- 184. Language proficiency: ongoing requirements
- 185. Period for which a student air traffic controller licence remains in force
- 185A. Inclusion of national endorsements
- 186. Privileges of an air traffic controller's licence and a student air traffic controller's licence
- 187. On-the-job training instructor endorsement
- 188. Maintenance of validity of ratings and endorsements
- 189. Obligation to notify rating ceasing to be valid and change of unit
- 190. Air navigation service provider: maintenance of records
- 191. Requirement for medical certificate
- 192. Incapacity of air traffic controllers
- 193. Fatigue of air traffic controllers
- 194. Acting under the influence of psychoactive substances or medicines
- 195. Failing exams, assessments or tests
- 196. Use and approval of simulators
- 197. Approval of courses, persons and simulators
- 198. Certification of training organisations
- 199. Certified training organisations: production of records
- 200. Mutual recognition of air traffic controller's licences
- 201. Meaning of terms used in this Part

PART 25

Flight Information Services and Licensing of Flight Information Service Officers

- 202. Prohibition of unlicensed flight information service officers
- 203. Licensing of flight information service officers
- 204. Flight information service manual

PART 25A

Certificate of competence to operate aeronautical radio station

- 204A Prohibition of unauthorised operation of an aeronautical radio station
- 204B Aeronautical radio station operator certificate of competence
- 204C Approval of courses, persons, examinations and simulators

PART 26

Air Traffic Service Equipment

- 205. Air traffic service equipment
- 206. Air traffic service equipment records

PART 27

Aerodromes, Aeronautical Lights and Dangerous Lights

- 207. Requirement to use national licensed, EASA certified or Government aerodrome
- 208. Flights which must use licensed or Government aerodrome
- 208A Aerodromes – use for purposes of flying instruction and testing
- 209. Helicopters flying for public transport at night
- 210. Use of Government aerodromes
- 211. Licensing of aerodromes
- 211A Issue of aerodrome safety directives for national licensed aerodromes
- 212. Public use licence
- 213. Charges at aerodromes with a public use licence
- 214. Use of aerodromes by aircraft of Contracting States and of the Commonwealth
- 214A Powers of aerodrome firefighters in an emergency
- 215. Noise and vibration caused by aircraft on aerodromes
- 216. Customs and Excise aerodromes
- 217. Aviation fuel at aerodromes

PART 28

Lights and Lighting

- 218. Aeronautical lights
- 219. Lighting of en-route obstacles
- 220. Lighting of wind turbine generators in United Kingdom territorial waters
- 221. Lights liable to endanger
- 222. Lights which dazzle or distract

PART 29

Public Transport and Aerial Work by Foreign Registered Aircraft

- 223. Restriction on carriage, where valuable consideration is given or promised, in aircraft registered elsewhere than in the United Kingdom
- 224. Filing and approval of tariffs
- 225. Restriction on aerial photography, aerial survey and aerial work in aircraft registered elsewhere than in an EEA state

Changes to legislation: There are currently no known outstanding effects for the The Air Navigation Order 2009 (revoked). (See end of Document for details)

PART 30

Mandatory Reporting

- 226. Mandatory reporting of occurrences
- 227. Mandatory reporting of birdstrikes

PART 31

Powers and Penalties

- 228. Revocation, suspension and variation of certificates, licences and other documents
- 229. Provisional suspension or variation of EASA certificates, licences and other documents
- 230. Revocation, suspension and variation of permissions, etc. granted under article 223 or article 225
- 231. Prohibitions in relation to documents and records
- 232. CAA's power to prevent aircraft flying
- 232A Grounded aircraft not to fly
- 233. Power to prevent third-country aircraft taking off
- 234. Notifying competent authority of the detention of a third-country aircraft
- 235. Revocation of article 233 direction when validity of certificate of airworthiness affected
- 236. Secretary of State's power to prevent aircraft flying
- 237. Directions to operators of aircraft to make data available
- 238. Right of access to aerodromes and other places
- 239. Obstruction of persons
- 240. Directions and directives
- 241. Offences and penalties
- 242. Exemption from Order
- 243. Appeal to County Court or Sheriff Court
- 244. Approval of persons to supply reports
- 245. Certificates, authorisations, approvals and permissions
- 246. Competent authority
- 246A Functions under the Basic EASA Regulation to be exercised by the CAA
- 246B Functions under the EASA Aircrew Regulation to be exercised by the CAA
- 246C Functions under the Occurrence Reporting Regulation to be exercised by the CAA

PART 32

Application of the Order

- 247. Extra-territorial effect of the Order
- 248. Aircraft in transit over certain United Kingdom territorial waters
- 249. Application of Order to British-controlled aircraft registered elsewhere than in the United Kingdom
- 250. Application of Order to the Crown
- 251. Application of the Order to visiting forces
- 252. Application of the Order to military aircraft
- 253. Exceptions from application of provisions of the Order for certain classes of aircraft
- 254. Saving

PART 33

Interpretation

- 255. Interpretation
- 256. Meaning of in flight
- 257. Meaning of operator
- 258. Meaning of aerodrome traffic zone
- 259. Meaning of aerial work
- 260. Meaning of public transport

PART 34

Public Transport and Aerial Work

- 261. Application of Part
 - 262. Public transport – special rules for hire of aircraft
 - 263. Public transport – special rule for associations of persons
 - 264. Public transport – special rule for groups of companies
 - 265. Public transport and aerial work – exceptions – flying displays
 - 266. Public transport and aerial work – exceptions – charity flights
 - 267. Public transport and aerial work – exceptions – cost sharing
 - 268. Public transport and aerial work – exceptions – recovery of direct costs
 - 269. Public transport and aerial work – exceptions – jointly owned aircraft
 - 270. Public transport and aerial work – exceptions – parachuting
- Signature

SCHEDULE 1 — Revocations

SCHEDULE 2 — A and B Conditions and categories of certificate of airworthiness

PART A

SECTION 1

A Conditions

- 1. A non-EASA aircraft registered in the United Kingdom may fly...
- 2. The purposes in the case of an aircraft falling within...
- 3. The purposes in the case of an aircraft falling within...
- 4. The aircraft, including any modifications, must be of a design...
- 5. The aircraft and its engines must be certified as fit...
- 6. The aircraft must carry the minimum flight crew specified in...
- 7. The aircraft must not carry any persons or cargo except...
- 8. For the purpose of this Schedule ‘a previously approved modification’...

SECTION 2

B Conditions

- 1. A non-EASA aircraft may fly for a purpose set out...
- 2. The purposes referred to in paragraph 1 are—
- 3. The flight must be operated by a person approved by...
- 4. If not registered in the United Kingdom—

Changes to legislation: There are currently no known outstanding effects for the The Air Navigation Order 2009 (revoked). (See end of Document for details)

5. No person may act as pilot in command of the...
6. The aircraft must not carry any cargo, or any persons...
 - PART B — Categories of certificate of airworthiness and purposes for which aircraft may fly

SCHEDULE 3 — Classification and marking of aircraft and dealer certification

Part A — Classification of aircraft

Part B — Conditions in aircraft dealer's certificate

1. The operator of the aircraft must be the registered owner...
2. The aircraft may fly only for the purpose of—
3. Without prejudice to article 86 the operator of the aircraft...
4. The aircraft may fly only within the United Kingdom.

Part C — Nationality and registration marks of aircraft registered in the United Kingdom

1. General
2. Position and size of marks – heavier than air aircraft
3. Position and size of marks – airships and free balloons
4. Width, spacing and thickness of marks

SCHEDULE 4 — Aircraft equipment

1. (1) Every aircraft of a description specified in the first...
2. (1) For the purposes of the Table in paragraph 4...
3. The following items of equipment are not required to be...
4. Table Description of Aircraft Circumstances of Flight Scale of Equipment...
5. The scales of equipment indicated in the Table at paragraph...

SCHEDULE 5 — Radio communication and radio navigation equipment to be carried in aircraft

1. Subject to paragraph 2, every aircraft which must carry equipment...
2. (1) In the case of sub-paragraphs (1), (2), (3), (4),...
3. Table Aircraft and Circumstances of Flight Scale of Equipment Required...
4. The scales of radio communication and radio navigation equipment indicated...
5. In this Schedule— (a) “Airborne collision avoidance system” means an...

SCHEDULE 6 — Aircraft, engine and propeller log books

1. Aircraft log book
2. Entries are not required to be made under paragraphs 1(e),...
3. Engine log book
4. Variable pitch propeller log book

SCHEDULE 7 — Flight crew of aircraft – licences, ratings, qualifications and maintenance of licence privileges

PART A — Flight crew licences

SECTION 1

United Kingdom Licences

SUB-SECTION 1

Aeroplane pilots

Private Pilot's Licence (Aeroplanes)
Commercial Pilot's Licence (Aeroplanes)
Airline Transport Pilot's Licence (Aeroplanes)

SUB-SECTION 2

Helicopter and gyroplane pilots

Private Pilot's Licence (Helicopters)
Private Pilot's Licence (Gyroplanes)
Commercial Pilot's Licence (Helicopters and Gyroplanes)
Airline Transport Pilot's Licence (Helicopters and Gyroplanes)
Commercial Pilot's Licence (Helicopters)
Airline Transport Pilot's Licence (Helicopters)

SUB-SECTION 3

Balloon and airship pilots

Private Pilot's Licence (Balloons and Airships)
Commercial Pilot's Licence (Balloons)
Commercial Pilot's Licence (Airships)

SUB-SECTION 4

Glider pilots

Commercial Pilot's Licence (Gliders)

SUB-SECTION 5

Other flight crew

Flight Navigator's Licence
Flight Engineer's Licence
Flight Radiotelephony Operator's Licence

SECTION 2

SUB-SECTION 1

Changes to legislation: There are currently no known outstanding effects for the The Air Navigation Order 2009 (revoked). (See end of Document for details)

SUB-SECTION 2

SECTION 3

National Private Pilot's Licence ...

National Private Pilot's Licence (Aeroplanes)

National Private Pilot's Licence (Helicopters)
PART B — Ratings and qualifications

SECTION 1

Ratings and qualifications which may be included in United Kingdom licences but not in National Private Pilot's Licences”

SUB-SECTION 1

Aircraft ratings

1. An aircraft rating may be included in a United Kingdom...
2. When included in a pilot licence an aircraft rating entitles...
3. When included in a Flight Engineer's Licence an aircraft rating...

SUB-SECTION 2

Other ratings

4. Subject to article 82(2), the following ratings and qualifications may...
5. For the purposes of this Section— “Day” means the time...

SECTION 2

Aircraft and instructor ratings which may be included in United Kingdom aeroplane pilot licences and in National Private Pilot's Licences (Aeroplanes)

1. The following ratings may be included in a United Kingdom...
2. For the purposes of this Section, “solo flight” and “cross-country...

SECTION 3

Rating which may be included in National Private Pilot's Licences (Helicopters)

PART C — Maintenance of licence privileges

SECTION 1

Requirement for Certificate of Test or Experience

1. Appropriateness of certificate
2. Certificate of test
3. Nature of test
4. Period of validity of certificate of test
5. Certificate of experience
6. Period of experience
7. Period of validity of certificate of experience

SECTION 2

Requirement for Certificate of Revalidation

8. Appropriate certificate of revalidation
9. Type and class ratings
- 9A Instrument ratings
- 9B Instructor ratings
10. Forms of certificate of revalidation

SECTION 3

Requirement for a Certificate of Revalidation to maintain the validity of a rating specified in Sections 2 or 3 of Part B

11. (1) A certificate of revalidation required by article 69(1) for...
12. (1) A certificate of revalidation required by article 69(1) for...
13. (1) A certificate of revalidation required by article 69(1) for...

SCHEDULE 8 — Public transport – operational requirements

PART A — Information and instructions which must be included in an operations manual

1. Information and instructions relating to the following matters must be...
2. In relation to any flight which is not one of...

PART B — Information and instructions which must be included in a training manual

1. The following information and instructions must be included in a...

PART C — Required crew training, experience, practice and periodical tests

1. Crew
2. Pilots
3. Flight engineers
4. Flight radiotelephony operators and flight navigators
5. Aircraft commanders
6. Deemed compliance
7. Contents of records
8. Production of records to authorised person
9. Supply of records to crew member

Changes to legislation: There are currently no known outstanding effects for the The Air Navigation Order 2009 (revoked). (See end of Document for details)

10. Definitions and validity periods

SCHEDULE 9 — Documents to be carried

1. Circumstances in which documents are to be carried
2. Description of documents
3. Exceptions
4. Definition

SCHEDULE 10 — Air Traffic Controllers – Licences, Ratings, Endorsements And Maintenance Of Licence Privileges

PART A — Air Traffic Controller Licences

1. Air Traffic Controller's Licence
 2. Student Air Traffic Controller's Licence
- PART B — Ratings, Rating Endorsements and Licence Endorsements
1. Inclusion of ratings, rating endorsements and licence endorsements
 2. Exercise of more than one function
 3. Ratings and Rating Endorsements
 4. Licence Endorsements

SCHEDULE 11 — Air traffic service equipment - records required and matters to which the CAA may have regard

PART A — Records to be kept in accordance with article 206(1)(a)

1. A record of any functional tests, flight checks and detailed...
 2. Subject to paragraph 3, the record must be kept in...
 3. In any particular case the CAA may direct that the...
- PART B — Records required in accordance with article 206(5)(b)
4. Each record made by the apparatus provided in compliance with...
- PART C — Matters to which the CAA may have regard in granting an approval of apparatus in accordance with article 206(6)
1. The purpose for which the apparatus is to be used...
 2. The manner in which the apparatus has been specified and...
 3. The adequacy, in relation to the purpose for which the...
 4. The manner in which the apparatus has been or will...
 5. The manner in which the apparatus has been or will...

SCHEDULE 12 — Information and instructions which must be included in an aerodrome manual

1. The name and status of the accountable manager having corporate...
