(6) The question whether a request for information or the production of a document has been made before the expiry of a relevant period applicable to any VAT shall take account of any extension of the 4-month period mentioned in regulation 173S by virtue of regulations 173T and 173U resulting from a request that has already been made but no account shall be taken of any further extension to the relevant period that would arise if the request in question were to be made.

(7) In this regulation, references to the competent authority of a member State are references to the authorities listed as competent authorities in relation to the member States in Article 2 of Council Regulation (EC) No 1798/2003.

Relevant period applicable to any VAT for which repayment is claimed

173S. The relevant period applicable to any VAT for which repayment is claimed in this Part is the period which—

(4) Where the Commissioners do not receive the information or a document requested before the expiry of 1 month from the date on which the request reaches the intended recipient of it, the end of the relevant period shall be determined in accordance with this regulation as if the Commissioners had received the requested information or document upon the expiry of that 1-month period.

Extension of the relevant period where more than one request for information or a document is made in relation to the same VAT

173U.—(1) This regulation applies to determine the end of the relevant period applicable to any VAT where more than one request for information or the production of a document as described in regulation 173R is made in relation to that VAT.

(2) Where the requests are—

(b) received by the recipients of the requests on different days,

the end of the relevant period shall be determined in accordance with regulation 173T as if all of the requests were comprised in a single request (“composite request”) made on the latest day when a request forming part of the composite request was made.

(3) The question whether information or a document requested by a composite request has been provided to the Commissioners within the 1-month period mentioned in regulation 173T(4) shall be determined as if the composite request had been received on the latest day on which any of the requests forming part of the composite request is received.

(a) beginning upon the expiry of the period described in regulation 173V, and

(b) ending on the day on which the Commissioners authorise the repayment to the claimant.

(3) Interest under this regulation shall be payable at the same rate as would have been payable if the Commissioners had been required to pay interest to the claimant pursuant to section 78 of the Act(30) during the applicable period.

(27) 1971 c. 80; section 1 of and Schedule 1 to that Act relate to bank holidays. Schedule 1 was amended by the St Andrew’s Day Bank Holiday (Scotland) Act 2007 (asp 2).

- (b) the claimant fails to provide the information or to produce the document within 1 month of receiving the notice,

the Commissioners shall not be liable to pay any interest under this regulation in respect of the VAT in relation to which the request was made even if the claimant provides the information or produces the document requested at a later time.

(5) The Commissioners shall not be liable to pay interest under this regulation during any period where a claimant has not provided to the Commissioners the documents described in regulation 173J that are required to be submitted at the same time as a repayment application in respect of supplies or importations described in regulation 173K.

173X. Where—

- (a) any amount has been paid to any person by way of interest under regulation 173W, but
- (b) that person was not entitled to that amount under that regulation,

the amount paid shall be treated for the purposes of the Act as if it had been an amount paid to that person by way of interest under section 78 of the Act (interest in certain cases of official error) in circumstances where that person was not entitled to that amount under that section.”

Before you start

Monthly Sales Lists

If you supply goods and services and are required to file your EC Sales List for goods monthly:

- you may report **goods only** in months 1 and 2 and report **goods** for the month and **services** for the whole quarter in month 3, or
- you can report goods and services each month.

Simplified annual EC Sales List (ESL) for supplies of goods

If HM Revenue & Customs has given you approval to submit a simplified annual ESL because you have low levels of supplies of goods to other EC countries, you are not required to enter the actual value of supplies.

Instead, enter a nominal total value of £1. Then follow the rest of the guidance about the VAT Registration Number and the indicator box.

How to fill in this form

- Write inside the boxes. Use black ink and capital letters.
- If you make a mistake, please cross it out and write the correct information below it.
- Leave blank any boxes that don't apply to you - please don't strike through them. **Do not** write 'none'.
- Only include your sales for the period(s) shown on page 1.
- Enter each type of sale on a separate line.

Country code

Enter your customer's country code. This is made up of two letters. It can only be one of the codes shown below.

Customer's VAT Registration Number

Enter your customer's VAT Registration Number starting from the left hand side.

Please **do not** include the country code in this column, or any spaces, dashes or commas. If you need to, refer to Notice 725 *The Single Market* to check how VAT numbers for each of the EC countries are formatted.

One of the conditions for zero-rating supplies of goods and services to other EC countries is that you must provide a **valid** VAT Registration Number for each of your customers.

You can check that a number is valid on the Europa website. Go to www.ec.europa.eu/taxation_customs/vies

Total value of supplies and the indicator box

In all cases, enter the total, rounded down to the nearest pound sterling. Enter each amount starting from the right hand side. We have already added the 'zero' pence and decimal point for you. Please **do not** add commas.

If you have a minus figure to enter because the value of credit notes is greater than the total value of supplies, enter a minus sign in a white box **before** each value.

Please note that you may need up to three lines for each customer. This is because the total value of **each type of sale** needs to be entered. For example, if you have supplied goods direct **and** as a triangulated sale **and** have supplied a service, you must complete three lines for that customer. Further guidance is given below.

- If you supplied goods, enter the value (including related costs) of all the goods supplied to that customer (deducting credit notes where appropriate). Leave the indicator column **blank**.

Related costs includes services which form part of the goods, such as freight and insurance charges.

- If you were an intermediate supplier in a triangulated sale, enter the total value of the supplies to each customer on a separate line from any other supplies made to that customer. Enter **2** in the indicator column.
- If you supplied services which were subject to the reverse charge in the customer's member state, enter the total value of these supplies on a separate line. Enter **3** in the indicator column.

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations, which come into force on 1st January 2010, amend Parts 3 (VAT invoices and other invoicing requirements), 4 (EC sales statements), 7A (flat-rate scheme for small businesses), 11 (time of supply and time of acquisition), 20 (repayments to Community traders) and 21 (repayments to third country traders) of the Value Added Tax Regulations 1995 (S.I. 1995/2518) (“the Principal Regulations”).

Regulation 3 inserts a new regulation 15A (change of rate, supplementary charge invoices). It requires a supplementary charge invoice to be issued in circumstances where a supplementary charge to VAT becomes due following the reversion of the VAT rate to 17.5 % on 1st January 2010 and specifies what such an invoice must contain.

Regulations 4 to 8 substitute new regulations 21 and 22, insert new regulations 22A to 22C, omit regulation 23 and substitute a new Form 12 in Schedule 1 to the Principal Regulations.

Articles 254 and 262 to 271 of Council Directive [2006/112/EC](#) (“the Principal VAT Directive”) impose an obligation on taxpayers to provide information regarding cross-border movements of goods to persons registered for VAT in other member States and regarding supplies of new means of transport to unregistered persons in other member States.

Articles 262 to 271 were amended, with effect from 1 January 2008, by articles 2(9) and (10) of Council Directive [2008/8/EC](#) (“the first amending directive”) and article 1(3) to (5) of Council Directive [2008/117/EC](#) (“the second amending directive”) to require taxpayers to provide information about cross-border supplies of services to persons registered in other member States where the recipients of those supplies are liable to account for the VAT on them (“reverse charge”) and to specify new rules about the periods in respect of which information about cross-border supplies to taxable persons should be given.

The amendments made by regulations 4 to 8 implement these new requirements and reiterate the obligations regarding cross-border supplies of new means of transport. Regulation 21 provides definitions and interpretative provisions relevant to Part 4 of the Principal Regulations. Regulations 22 (goods) and 22A (services) define the circumstances which give rise to an obligation to provide information regarding cross-border supplies to registered persons in other member States, provides the Commissioners for Revenue and Customs (“the Commissioners”) with the power to specify the type of information required and defines the periods by reference to which the information must be supplied. Regulation 22B permits the information required under regulations 22 and 22A to be submitted electronically and specifies the time limits within which the information must be provided. Regulation 22C defines the circumstances which give rise to the obligation to provide information about supplies of new means of transport to unregistered persons in other member States, provides the Commissioners with the power to specify the type of information required and defines the periods by reference to which the information must be supplied.

Regulation 8 substitutes a new Form 12 for the purposes of providing information under regulations 22 (as amended) and 22A

Regulation 9 amends regulation 55K (flat rate scheme for small businesses, category of business) to substitute a new table with revised percentages to reflect the reversion of the VAT rate to 17.5% on 1st January 2010 and make other adjustments required to reflect the net tax payable by businesses which do not use the scheme.

Regulation 10 substitutes a new regulation 82 (services from outside the United Kingdom) which specifies when the services to which section 8(1) of the Value Added Tax Act 1994 (c. 23) applies (cross-border supplies of services subject to a reverse charge) (“section 8(1) services”) are to be treated as having been supplied.

The new regulation 82, in relation to section 8(1) services, gives effect to the provisions which determine the time of supply of services in articles 63 to 66 of the Principal VAT Directive, articles 64 and 66 of which were amended by article 1(1) and (2) of the second amending directive. From 1st January 2010 the derogation in article 66 of the Principal VAT Directive is no longer available to determine the time of supply of cross-border supplies of services which are subject to a compulsory reverse charge pursuant to article 196 of the Principal VAT Directive and a new rule is applied to determine the time of supply of such services where they are supplied continuously for a year without payment or invoicing.
