- (c) they enable the designers and contractors to cooperate with each other to ensure compliance with all relevant requirements; and
- (d) they provide for periodic review of the building work (and the design work) included or to be included in the project so as to identify whether it is higher-risk building work.

(3) A client must ensure that the arrangements under paragraph (1) are maintained and reviewed throughout the project.

(4) A client must provide building information as soon as is practicable to every designer and contractor on the project.

(5) A client must cooperate with any other person working on or in relation to a project to the extent necessary to enable any person with a duty or function under these Regulations to fulfil that duty or function.
