- 13.**—(1) The market surveillance authority may serve a notice (a “stop notice”) on any person—
- (a) in relation to an offence committed under regulation 14(1), prohibiting a person from carrying on an activity specified in the notice until the person has taken the steps specified in the notice;
 - (b) where the market surveillance authority is of the opinion that a person is likely to make available on the market an energy-related product which does not comply with an applicable implementing measure, a requirement to take such steps as the market surveillance authority may specify within such period as it may specify, to secure that its being made available on the market is prohibited or restricted.
- (2) A stop notice may only be served where the person is—
- (a) carrying on the activity, and
 - (b) the market surveillance authority reasonably believes that—
 - (i) the activity as carried on by that person involves or is likely to involve the commission of an offence under regulation 14(1); or
 - (ii) that person is likely to make available on the market an energy-related product which does not comply with an applicable implementing measure.
- (3) The steps referred to in sub-paragraph (1)(a) and (b) must be steps to eliminate the risk of the offence being committed, or of energy-related products which do not comply with an applicable implementing measure being made available on the market.

Contents of a stop notice

- 14.** A stop notice must include information as to—
- (a) the grounds for serving the stop notice and the activity which is prohibited;

Appeals

- 15.**—(1) The person on whom a stop notice is served may appeal against the decision to serve it.
- (2) The grounds for appeal are—
- (a) that the decision was based on an error of fact;
 - (b) that the decision was wrong in law;
 - (c) that the decision was unreasonable;
 - (d) that any step specified in the notice is unreasonable;
 - (e) that the person has not committed the offence and would not have committed it had the stop notice not been served;
 - (f) that the person was not likely to make an energy-related product available on the market and would not have made it available on the market if the stop notice had not been served;

- (g) that the person would not, by reason of any defence, have been liable to be convicted of the offence had the stop notice not been served;
- (h) that the decision was wrong for any other reason.

Completion certificates

16.—(1) The market surveillance authority must issue a certificate (a “completion certificate”) if, after service of a stop notice, the market surveillance authority is satisfied that the person has taken the steps specified in the notice.

(2) A stop notice ceases to have effect on the issue of a completion certificate.

(3) A person on whom a stop notice is served may at any time apply for a completion certificate.

(4) The market surveillance authority must decide whether to issue a completion certificate within 14 days of the application.

(5) A person on whom the stop notice was served may appeal against a decision not to issue a completion certificate on the grounds that—

- (d) the decision was wrong for any other reason.

Compensation

17.—(1) The market surveillance authority must compensate a person for loss suffered as the result of the service of the stop notice or the refusal of a completion certificate if a person has suffered loss as a result of the notice or refusal and—

- (a) a stop notice is subsequently withdrawn or amended by the market surveillance authority because the decision to serve it was unreasonable or any step specified in the notice was unreasonable;
- (b) a person successfully appeals against the stop notice and the First-tier Tribunal finds that the service of the notice was unreasonable; or
- (c) a person successfully appeals against the refusal of a completion certificate and the Tribunal finds that the refusal was unreasonable.

(2) A person may appeal against a decision not to award compensation or the amount of compensation on the grounds that—

- (a) the market surveillance authority’s decision was unreasonable;
- (b) the amount offered was based on incorrect facts;
- (c) the decision was wrong for any other reason.

Offences

18. Where a person on whom a stop notice is served does not comply with it within the time limit specified in the notice, the person is guilty of an offence and liable on summary conviction to a fine not exceeding level 5 on the standard scale.

PART 4

Enforcement undertakings

Enforcement undertakings

19. The market surveillance authority may accept a written undertaking (an “enforcement undertaking”) given by a person to the market surveillance authority to take such action as may be specified in the undertaking within such period as may be specified where the market surveillance authority has reasonable grounds to suspect that the person has committed an offence under regulation 14(1).

Contents of an enforcement undertaking

- 20.**—(1) An enforcement undertaking must specify—
- (a) action to be taken by the person to secure that the offence does not continue or recur;
 - (b) action to secure that the position is, so far as possible, restored to what it would have been if the offence had not been committed; or
 - (c) action (including the payment of a sum of money) to be taken by the person to benefit any person affected by the offence.
- (2) It must specify the period within which the action must be completed.
- (3) It must include—
- (a) a statement that the undertaking is made in accordance with this Schedule;
 - (b) the terms of the undertaking;
 - (c) information as to how and when a person is considered to have discharged the undertaking.
- (4) The enforcement undertaking may be varied, or the period within which the action must be completed may be extended, if both parties agree in writing.

Acceptance of an enforcement undertaking

21. If the market surveillance authority has accepted an enforcement undertaking then, unless the person from whom the undertaking is accepted has failed to comply with the undertaking or any part of it—

- (a) that person may not at any time be convicted of the offence in respect of the act or omission to which the undertaking relates; and
- (b) the market surveillance authority may not impose on that person a compliance notice, stop notice or variable monetary penalty in respect of that act or omission.

Discharge of an enforcement undertaking

22.—(1) If the market surveillance authority is satisfied that an enforcement undertaking has been complied with it must issue a certificate to that effect.

(2) The market surveillance authority may require the person who has given the undertaking to provide sufficient information to determine that the undertaking has been complied with.

(3) The person who gave the undertaking may at any time apply for such a certificate.

(4) The market surveillance authority must decide whether to issue such a certificate, and give written notice of the decision to the applicant, within 14 days of such an application.

(5) The person to whom the notice is given may appeal against a decision not to issue a certificate on the grounds that the decision—

- (a) was based on an error of fact;
- (b) was wrong in law;
- (c) was unfair or unreasonable;
- (d) was wrong for any other reason.

Inaccurate, incomplete or misleading information

23.—(1) A person who has given inaccurate, misleading or incomplete information in relation to an enforcement undertaking is regarded as not having complied with it.

(2) The market surveillance authority may by notice in writing revoke a certificate issued under paragraph 22 if it was issued on the basis of inaccurate, incomplete or misleading information.

Non-compliance with an enforcement undertaking

24.—(1) If a person does not comply with an enforcement undertaking the market surveillance authority may in the case of an offence committed under regulation 14(1)—

- (a) serve a compliance notice, non-compliance penalty, stop notice or variable monetary penalty; or
- (b) bring criminal proceedings.

(2) If a person has complied partly but not fully with an undertaking, that partial compliance must be taken into account in the imposition of any criminal or other sanction on the person.

(3) Criminal proceedings for offences to which an enforcement undertaking relates may be instituted at any time up to six months from the date when the market surveillance authority notifies the person that they have failed to comply with that undertaking.

PART 5

Non-compliance Penalties

Non-compliance penalties

25.—(1) If a person fails to comply with a compliance notice, stop notice, third party undertaking or enforcement undertaking, irrespective of whether a variable monetary penalty was also imposed, the market surveillance authority may serve a notice on that person imposing a monetary penalty (“a non-compliance penalty”).

(2) The amount of the non-compliance penalty must be determined by the market surveillance authority, and must be a percentage of the costs of fulfilling the remaining requirements of the notice, third party undertaking or enforcement undertaking.

(3) The percentage must be determined by the market surveillance authority having regard to all the circumstances of the case and may, if appropriate, be 100%.

(4) The notice must include information as to—

- (a) the grounds for imposing the non-compliance penalty;
- (b) the amount to be paid;
- (c) how payment must be made;
- (d) the period in which payment must be made, which must not be less than 28 days;

Status: This is the original version (as it was originally made).

- (e) rights of appeal;
 - (f) the consequences of failure to make payment in the specified period;
 - (g) any circumstances in which the market surveillance authority may reduce the amount of the penalty.
- (5) If the requirements of the compliance notice, stop notice, third party undertaking or enforcement undertaking are fulfilled before the time set for payment of the non-compliance penalty, the penalty is not payable.
- (6) The person on whom the notice imposing the non-compliance penalty is served may appeal against it.
- (7) The grounds of appeal are—
- (a) that the decision to serve the notice was based on an error of fact;
 - (b) that the decision was wrong in law;
 - (c) that the decision was unfair or unreasonable for any reason;
 - (d) that the amount of the penalty was unreasonable;
 - (e) that the decision was wrong for any other reason.

PART 6

Withdrawing or amending a notice

26. The market surveillance authority may at any time in writing—
- (a) withdraw a notice imposing a variable monetary penalty or a notice imposing a non-compliance penalty notice or reduce the amount specified in the notice;
 - (b) withdraw a compliance notice or stop notice or amend the steps in order to reduce the amount of work necessary to comply with the notice.

PART 7

Appeals

Appeals

- 27.—(1) Any appeal under this Schedule must be made to the First-tier Tribunal.
- (2) An appeal must be brought within two months of the date on which the notice or decision is received.
- (3) In any appeal (except in relation to a stop notice) where the commission of an offence is an issue requiring determination, the market surveillance authority must prove that offence according to the same burden and standard of proof as in a criminal prosecution.
- (4) In any other case the tribunal must determine the standard of proof.
- (5) All notices (other than stop notices) are suspended pending appeal.

- (3) The market surveillance authority must have regard to the guidance or revised and updated guidance in exercising its functions.
- (4) In the case of guidance about compliance notices, stop notices, variable monetary penalties and non-compliance penalties the guidance must contain information as to—
- (a) the circumstances in which the civil sanction is likely to be imposed; and
 - (b) the circumstances in which it is not likely to be imposed.
- (5) In the case of guidance about variable monetary penalties and non-compliance penalties, the guidance must contain information about—
- (a) the matters likely to be taken into account by the market surveillance authority in determining the amount of the penalty (including voluntary reporting by a person of their own non-compliance); and
 - (b) rights to make representations and objections and rights of appeal.
- (6) In the case of guidance about enforcement undertakings the guidance must contain information as to—

 - (c) cases in which an enforcement undertaking has been entered into.
- (2) In paragraph (1)(a) the reference to cases in which civil sanctions have been imposed does not include cases where the sanction has been imposed but overturned on appeal.

(3) This paragraph does not apply in cases where the market surveillance authority considers that publication would be inappropriate.

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations implement the requirements of Directive [2009/125/EC](#) of the European Parliament and of the Council establishing a framework for the setting of ecodesign requirements for energy-related products (OJ No L285, 31.10.2009, p10) and implements elements of the market surveillance Regulation [\(EC\) No 765/2008](#) of the European Parliament and of the Council of 9 July 2008 setting out the requirements for accreditation and market surveillance relating to the marketing of products and repealing Regulation [\(EEC\) No 339/93](#) (“RAMS”) (OJ No L128 13.8.2008, p30). It also gives effect to any applicable implementing measures which are made pursuant to the Directive. These Regulations also give effect to Decision No 768/2008 of the European Parliament and of the Council on a common framework for the marketing of products, and repealing Council Decision [93/465/EEC](#) (OJ No L 218, 13.8.2008, p82).

Regulation 3 requires that an energy-related product must not be placed on the market or put into service unless it complies with an applicable implementing measure. Schedule 1 sets out the requirements for a declaration of conformity and lists energy-related products and their applicable implementing measures.

Regulation 4 requires that a manufacturer of an energy-related product and components sub-assemblies must not place it on the market or put it into service unless it has assessed whether it complies with an applicable implementing measure and if it does comply it must make a declaration of conformity and affix the CE marking which is shown in Schedule 2.

Regulation 5 imposes similar requirements on authorised representatives and importers of energy-related products.

Regulation 6 provides that regulation 3 does not apply to displays of energy-related products.

Regulation 7 sets out presumptions in relation to an energy-related product.

Regulation 8 prohibits the affixing of a CE marking to an energy-related product which may mislead a person to believe that an energy-related product complies with an applicable implementing measure.

Regulation 9 requires documents relating to conformity assessments of energy-related products to be kept for 10 years.

Regulation 10 designates the Secretary of State as the competent national authority and the notifying authority for the purposes of Decision No 768/2008 of the European Parliament and of the Council and designates the Secretary of State as the market surveillance authority for the purposes of RAMS.

Schedule 3 sets out the appeals procedure in relation to decisions of notified bodies.

Regulation 12 provides that the market surveillance authority may authorise any suitable person to act for it.

Schedules 4 and 5 deal with warrants in relation to powers of entry exercised under RAMS, testing costs which the market surveillance authority may recover from manufacturers and civil sanctions which the market surveillance authority may impose. Regulations 14 to 17 set out offences, penalties

and related matters. Regulation 18 allows a court to make a remediation order in respect of a person convicted of an offence under these Regulations. Regulation 19 provides for the recovery of expenses of enforcement.
