Achievement tables

- 75.**—(1) The administrator must in accordance with this article compile the following tables—
- (a) early action for each of the annual reporting years of the first phase; and
 - (b) absolute change and relative change for the annual reporting years in paragraph (2),

 - (b) another participant (“B”) has achieved less than x%,
- B ranks lower than A.
- (5) Participants which achieve the same percentage have equal ranking.
- (6) A participant’s ranking in an achievement table must be given a score, with the lowest ranking having a score of one.

No information on relative change and early action

76. Where the administrator has not been provided by a participant with the information required to calculate for an annual reporting year early action or relative change, the participant does not appear in the relevant table for that year.

Performance tables

77.—(1) Subject to paragraph (2), the administrator must in accordance with this article compile a table (“a performance table”) in respect of—

- (a) each of the annual reporting years of the first phase; and
- (b) the second and subsequent annual reporting years of subsequent phases.

(2) For the first annual reporting year of the first phase, the early action table is also the performance table.

(3) Except for the first annual reporting year of the first phase, the administrator must—

- (a) for the annual reporting year—
 - (i) calculate a participant’s scores in each applicable achievement table for that year; or
 - (ii) where a participant is not listed in the early action or relative change table for that year, apply to it a score of zero in respect of the table where it does not appear;
- (b) apply to those scores the applicable weighting percentage; and
- (c) add those scores as weighted to determine the total weighted score for a participant.

(4) A performance table must rank participants such that—

- (a) where a participant (“A”) has achieved a total weighted score of x; and
- (b) another participant (“B”) has achieved a total weighted score less than x,

B ranks lower than A.

(5) Participants which achieve the same total weighted score have equal ranking.

(6) In paragraph (3), “the weighting percentage” means the percentage stated in the following table—

Weighting percentages

	<i>Second year: first phase</i>	<i>Third year: first phase</i>	<i>Second to seventh phases</i>
Early action table	40%	20%

- (5) Where a participant is required to provide for the same year—
 - (a) an annual report in respect of the last year of one phase (“the first report”); and
 - (b) the second year of the subsequent phase,
 the administrator must publish the matters in paragraph (3) using the information in the first report only, so far as those matters are included in that report.
