**2010 No. 919**

**VALUE ADDED TAX**

**The Value Added Tax (Consideration for Fuel Provided for Private Use) Order 2010**

*Made* - - - - 24th March 2010  
*Laid before the House of Commons* - - - - 24th March 2010  
*Coming into force* - - 1st May 2010

The Treasury make the following Order in exercise of the powers conferred by section 57(4) to (4G) of the Value Added Tax Act 1994<sup>(1)</sup>.

**Citation, commencement and effect**

1.—(1) This Order may be cited as the Value Added Tax (Consideration for Fuel Provided for Private Use) Order 2010.

(2) The Order comes into force on 1st May 2010 and has effect from the beginning of prescribed accounting periods beginning on or after that date.

**Substitution of Table A in section 57(3) of the Value Added Tax Act 1994**

2. In section 57(3) of the Value Added Tax Act 1994 (determination of consideration for fuel supplied for private use) for Table A<sup>(2)</sup> substitute—

“Table A

<i>Description of vehicle:</i>	<i>12 month period</i>	<i>3 month period</i>	<i>1 month period</i>
<i>vehicle's CO2 emissions figure</i>	£	£	£
120 or less	570.00	141.00	47.00
125	850.00	212.00	70.00

---

(1) 1994 c.23; subsections (4A) to (4G) of section 57 were inserted by section 2 of the Finance (No.2) Act 2005 (c.22).  
(2) Table A was last substituted by S.I. 2009/1030.

---

*Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.*

## EXPLANATORY NOTE

*(This note is not part of the Order)*

VAT is payable if road fuel of a business is used for private motoring. The amounts are set out in Table A in section 57(3) of the [Value Added Tax Act 1994 \(c.23\)](#), which applies flat rate values to vehicles based on their CO<sub>2</sub> emissions. Section 57(4) provides that the Treasury may by order taking effect from the beginning of any prescribed accounting period substitute a new table for Table A. New tables have been substituted annually to ensure the flat rates reflect any changes in road fuel costs. The most recent amendment was the Value Added Tax (Consideration for Fuel Provided for Private Use) Order 2009 ([S.I. 2009/1030](#)).

Section 57(4A) of the Value Added Tax Act 1994 was inserted by section 2 of the Finance (No.2) Act 2005, by virtue of [SI 2007/946](#). This provision gives the power to substitute a table which describes vehicles by reference to their CO<sub>2</sub> emissions figure. Section 57(4C)(b) permits the table to be supplemented by Notes. Section 57(4G) permits the Treasury to vary, remove or substitute any or all of the Notes, by order taking effect from the beginning of any prescribed accounting period beginning after the order is made. This Order substitutes a new Table A and varies Note (6)(c) to reflect the highest band in the table.

The new flat rates have been calculated in line with the average cost of fuel applicable in March 2010. Where a vehicle does not have a CO<sub>2</sub> emissions figure, the Notes to the Table apply a CO<sub>2</sub> emissions figure by reference to the vehicle's engine size. The new rates apply to any prescribed accounting period starting on or after 1st May 2010.

Council Decision [659/2006/EC](#) of 25th September 2006 (O.J. No. L 272. 3.10.2006, p.15) authorises the United Kingdom to fix the proportion of value added tax relating to expenditure on fuel used for private purposes in business cars on a flat rate basis. That proportion is required to be expressed in fixed amounts and is established on the basis of the CO<sub>2</sub> emissions level of the type of vehicle and in this way reflects fuel consumption. The amounts must be adjusted annually to reflect changes in the average cost of fuel.

A full and final impact assessment has not been produced for this instrument as a negligible impact on the private or voluntary sectors is foreseen.
