(2) Relevant funds must be safeguarded in accordance with either regulation 21 or regulation 22. [F83(2A) An electronic money institution may safeguard certain relevant funds in accordance with regulation 21 and the remaining relevant funds in accordance with regulation 22.]
(3) Where—
   (a) only a proportion of the funds that have been received are to be used for the execution of a payment transaction (with the remainder being used for non-payment services); and
   (b) the precise portion attributable to the execution of the payment transaction is variable or unknown in advance,

the relevant funds are such amount as may be reasonably estimated, on the basis of historical data and to the satisfaction of the Authority, to be representative of the portion attributable to the execution of the payment transaction.

(4) Funds received in the form of payment by payment instrument need not be safeguarded until they—

      (ii) a credit union; and
   (c) references to a “payment transaction” are to be treated as references to a payment transaction that is not related to the issuance of electronic money.

Safeguarding option 1

21.—(1) An electronic money institution must keep relevant funds segregated from any other funds that it holds.

(2) Where the institution continues to hold the relevant funds at the end of the business day following the day on which they were received it must—
   (a) place them in a separate account that it holds with an authorised credit institution or the Bank of England; or
   (b) invest the relevant funds in secure, liquid, low-risk assets (“relevant assets”) and place those assets in a separate account with an authorised custodian.

(3) An account in which relevant funds or relevant assets are placed under paragraph (2) must—
(a) be designated in such a way as to show that it is an account which is held for the purpose of safeguarding relevant funds or relevant assets in accordance with this regulation; and

(b) be used only for holding those funds or assets \[^{F66}\] or for holding those funds or assets together with proceeds of an insurance policy or guarantee held in accordance with regulation 22(1)(b).

(a) funds held in the account pending settlement in accordance with the rules or default arrangements of the designated system, in respect of transfer orders that have been entered into the designated system on behalf of electronic money holders, may continue to be held in the account with relevant funds;

(b) the account, or a specified amount of funds in the account, may be subject to an interest or right in favour of the Bank of England in order to ensure the availability of funds to complete the settlement of transfer orders in accordance with the rules or default arrangements of the designated system;

(c) subject to paragraph (4B), funds received into the account by the electronic money institution upon settlement are to be considered as having been appropriately safeguarded in accordance with this regulation from the time of receipt in the designated system until the time of receipt into the account.

(4B) The Authority may direct that paragraph (4A)(c) does not apply in relation to a designated system if, in the Authority's view, the rules and default arrangements of that system do not adequately insulate the funds of electronic money holders from the claims of other creditors of electronic money institutions which are participants in the system.

(5) The institution must keep a record of—

(a) any relevant funds segregated in accordance with paragraph (1);

(b) any relevant funds placed in an account in accordance with paragraph (2)(a); \[^{F88}\]

(b) assets are “liquid” if they are approved as such by the Authority.

(7) In this regulation—
“authorised credit institution” means a person authorised for the purposes of the 2000 Act to accept deposits [F71] or an approved foreign credit institution (see paragraph (8)), but does not include a person in the same group as the electronic money institution;

(2) Where an electronic money institution has not completed a sufficiently long period of business to compile historical data adequate to make the calculation under sub-paragraph (1), it must make an estimate on the basis of projected outstanding electronic money as evidenced by its business plan, subject to any adjustments to that plan which are, or have been, required by the Authority.

**EXPLANATORY NOTE**

(This note is not part of the Regulations)

Parts 2 to 4 of these Regulations establish a new authorisation regime for electronic money issuers. This replaces the regime applicable to electronic money institutions and small electronic money issuers which implemented Directive 2000/46/EC. The new regime does not apply to credit institutions such as banks and other categories of person described in regulation 2(1).

Part 2 of the Regulations requires the Financial Services Authority (“the FSA”) to establish a register of electronic money institutions and sets out the procedures and conditions for registration. It also sets out the circumstances in which registration may be varied or cancelled. Bodies requiring registration must be registered either as an authorised electronic money institution (regulations 5 to 11) or a small electronic money institution (regulations 12 to 15), depending on the value of electronic money that they issue, the value of payment transactions that they execute and whether they are seeking to establish a branch or provide services in another Member State.

Part 3 of the Regulations sets out the requirements to be met by electronic money institutions and stipulates the conditions for them to establish a branch or provide services in another Member State. These requirements include meeting capital requirements (regulation 19 and Schedule 2) and safeguarding electronic money holders' and payment service users' funds (regulation 20). Electronic money institutions must keep records and provide information to the FSA about accounts (regulations 25 and 27). Authorised electronic money institutions must comply with provisions about outsourcing (regulation 26). Regulations 28 to 30 make provision about the provision of services in another EEA state.

Part 4 of the Regulations sets out provisions about the activities that an electronic money institution may engage in. It sets out the business activities that an institution may undertake by virtue of being registered. It sets out the conditions that apply to such activities including in respect of the grant of credit, the use of payment accounts, issuing electronic money and the provision of services through an agent (regulations 32 to 35). It permits the electronic money issuer to distribute and redeem electronic money through another person (regulation 33). Regulation 36 provides for the responsibilities of an institution that relies on a branch or a third party for operational functions such as issuance, redemption or payment services. Institutions have a duty to notify the FSA of any change in their circumstances relevant to the conditions of their registration (regulation 37).

Part 5 of the Regulations sets out the requirements to be met by all electronic money issuers when issuing and redeeming electronic money. Electronic money must be issued and redeemed at par value (regulation 39) and issuers are not permitted to award interest on the outstanding balances (regulation 45). Redemption must be provided at any time upon request for a period of six years from the end of the contract (regulations 39 and 43). Redemption may be subject to proportionate fees to cover actual costs in certain cases.

Part 6 of the Regulations makes provision in respect of the FSA. In particular, it confers on the FSA functions in relation to the supervision and enforcement of certain provisions of the
Regulations (regulations 47 to 58). Regulation 62 and Schedule 3 apply provisions of primary and secondary legislation (with modifications) in respect of the FSA's functions under the Regulations. Part 7 of the Regulations provides for criminal offences. Regulation 63 makes it an offence for a person to issue electronic money in the United Kingdom unless it is an authorised or small electronic money institution or one of the other permitted categories of electronic money issuer. There are also offences relating to false claims to be an electronic money issuer and misleading the FSA. Regulations 74 to 78 make transitional provision for persons who have issued electronic money before 30th April 2011 to continue to do so for a limited time while they take steps to comply with these Regulations. All persons who continue to issue electronic money under the transitional provisions must comply with Parts 5 and 6 of these Regulations. Regulation 79 and Schedule 4 provide for amendments to primary and secondary legislation including provision for the Financial Ombudsman Service to apply.

A Transposition Note setting out how this Directive will be transposed into UK law is available from the Banking and Credit Team, HM Treasury, 1 Horse Guards Road, London SW1A 2HQ. A full regulatory impact assessment of the effect that this instrument will have on the costs to business and the voluntary sector has also been prepared. Copies of both documents have been placed in the library of each House of Parliament and are available on HM Treasury's website (www.hm-treasury.gov.uk). A copy of the regulatory impact assessment is also annexed to the Explanatory Memorandum which is available alongside the instrument on the legislation website (http://www.legislation.gov.uk/).
