EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations amend the Further Education Teachers' Qualifications (England) Regulations 2007. Regulation 1 removes the definitions of "IfL", "ATLS status" and "QTLS status" which has the effect of revoking the regulatory requirements for individuals to register with the Institute for Learning and other related requirements that depend on mandatory IfL registration. In particular, this will remove the requirement for teachers in full teaching roles to complete a process of professional formation to the satisfaction of the IfL and hold QTLS status; and for teachers in associate teaching roles to complete a process of professional formation to the satisfaction of the IfL.

An impact assessment has not been produced for this instrument as no impact on the private or voluntary sectors is foreseen. The Explanatory Memorandum is published alongside these Regulations on www.legislation.gov.uk.
