2012 No. 2414

The Electricity and Gas (Competitive Tenders for Smart
Meter Communication Licences) Regulations 2012

PART 2

Scope of and requirement for a tender exercise

Scope of a tender exercise and consideration of submissions to the competent authority

4.—(1) A tender exercise must only be used to determine the person to whom both an electricity smart meter communication licence and a gas smart meter communication licence are to be granted.

(2) At all stages of a tender exercise, the competent authority must have regard to the suitability of a tender participant for being granted both an electricity smart meter communication licence and a gas smart meter communication licence.
