## EXPLANATORY NOTE

*(This note is not part of the Regulations)*

Section 64 of the Welfare Reform Act 2012 (c.5) enables payment of industrial injuries benefit in respect of injuries arising before 5th July 1948. As a consequence it repeals section 111 of, and Schedule 8 to, the Social Security Contributions and Benefits Act 1992 (“the Contributions and Benefits Act”) which previously continued in force certain schemes for paying compensation or benefits in respect of such injuries.

These Regulations make provision for the payment of industrial injuries benefit to persons to whom such compensation or benefits were previously payable under those schemes. Regulation 2 and the Schedule set out the rate or amount of industrial injuries benefit payable in such cases. Regulation 3 provides that a claim made, but not determined, before the coming into force of these Regulations is to be treated as a claim for industrial injuries benefit.

A full impact assessment has not been published for this instrument as it has no impact on the costs of private sector and civil society organisations.
