2012 No. 3038

The Greenhouse Gas Emissions
Trading Scheme Regulations 2012

PART 7 U.K.

Civil Penalties

Interpretation U.K.

48. In this Part—

“carbon price”, in relation to a tonne of carbon dioxide equivalent, is the price referred to in regulation 49;

“penalty notice” means a notice served under regulation 50(1);

“additional penalty notice” means a notice served under regulation 50(3).

Carbon Price U.K.

49.—(1) In respect of the scheme year beginning with 1st January 2013, the carbon price is £6.70.

(2) For each subsequent scheme year, the Secretary of State must determine a price as the carbon price for that year, based on the sterling equivalent of the average end of day settlement price (in Euro per tonne of carbon dioxide equivalent) of the December futures contracts for that scheme year.

(3) For that purpose—

“average end of day settlement price” means the average over the 12 months ending with the relevant date;

“futures contract” means the futures contract as traded on the single largest carbon market exchange (as determined by volume of sales in the 12 months ending with the relevant date);

“sterling equivalent” means the sterling equivalent converted by reference to the Bank of England annual average spot exchange rate for the 12 months ending with the relevant date;

“the relevant date”, in relation to the year for which the carbon price is set, is 11th November in the preceding year.

(4) The Secretary of State must publish a determination made under paragraph (2) one month before the beginning the scheme year in question.

Penalty notices U.K.

50.—(1) Where the regulator is satisfied that a person (“P”) is liable to a civil penalty under this Part the regulator must (subject to regulation 51) serve a notice on P.

(2) The penalty notice must specify—

(a) the regulation under which that liability arises;

(b) the amount of the civil penalty due;

- (c) where appropriate, how that amount is calculated;
 - (d) whether or not P may be liable to a civil penalty in accordance with regulation 53(2)(b), 56(2)(b), 60(2)(b), 62(2)(b), 63(2)(b), 64(2)(b), 67(2)(b), 68(2)(b), or 69(2)(b) (an “additional daily penalty”); and
 - (e) if P will not be liable to an additional daily penalty, the date by which the penalty for which P is liable must be paid.
- (3) Subject to regulation 51 and to paragraph (4), where the regulator is satisfied that P is liable to an additional daily penalty the regulator must, when the amount of that additional daily penalty can be determined, serve a notice on P specifying—
- (a) the total amount of the civil penalties due; and
 - (b) the date by which that amount must be paid.
- (4) In the case of an additional daily penalty under regulation 67(2)(b), a notice under paragraph (3) stating the amount of additional daily penalty that has accrued by the date of the notice may be served at such intervals as the regulator thinks fit.
- (5) A civil penalty imposed by a penalty notice or an additional penalty notice must be paid to the regulator by the date specified in the notice.
- (6) Any such civil penalty is recoverable by the regulator—
- (a) as a civil debt; and
 - (b) where applicable, in accordance with regulation 39 and Schedule 9.
- (7) the regulator must, as soon as is reasonably practicable—
- (a) give notice to the authority of the service of any penalty notice or additional penalty notice; and
 - (b) pass to the authority any civil penalty that has been paid to the regulator.

Discretion in imposing civil penalties **U.K.**

51.—(1) Where the regulator considers it appropriate to do so, the regulator may (subject to paragraph (2))—

- (a) refrain from imposing a civil penalty;
- (b) reduce the amount of a penalty (including the amount of an additional daily penalty);
- (c) extend the time for payment specified in the penalty notice or additional penalty notice;
- (d) withdraw a penalty notice or an additional penalty notice;
- (e) modify the notice by substituting a lower penalty.

(2) The powers under paragraph (1) do not apply in relation to any penalty arising under regulation 54(1).

Carrying out a regulated activity contrary to regulation 9 **U.K.**

52.—(1) Where in any scheme year a regulated activity is carried out that is not authorised by a permit, contrary to regulation 9, the operator of the installation (“P”) is at the end of that year liable to the civil penalty in paragraph (2).

- (2) ^[F1]Subject to paragraph (3), for each] such year, the civil penalty is $A + (B \times C)^{1/2}$, where—
- A is the estimated amount of the costs avoided by P in that year as a result of carrying out a regulated activity without such authorisation;
 - B is the estimated amount of reportable emissions from the installation in the period during which a regulated activity was carried out without such authorisation;

C is the carbon price for that year.

[^{F2}(3) In imposing the penalty under paragraph (2), the regulator may increase the amount determined under that paragraph by a percentage designed to ensure that the penalty exceeds the amount of any economic benefit that P has obtained as result of the failure to comply with regulation 9.]

(4) The authority must exercise powers under section 40 of the Environment Act 1995 [^{F3}, article 11 of the NRBW Order] or regulation 37 of the Northern Ireland Regulations to give the regulator directions as to—

- (a) the estimation by the regulator of A and B in paragraph (2); and
- (b) the exercise of the regulator's powers [^{F4}under] paragraph (3).

- (a) were not reported in the verified emissions report submitted for that year, but
- (b) have been determined by the regulator following a request under paragraph (5)(b).

(5) This paragraph applies where P, before the regulator serves on P a penalty notice imposing an excess emissions penalty in respect of emissions in that scheme year (or a notice of the regulator's intention to do so)—

(8) If the last Harmonised Index of Consumer Prices for the member States of the European Union (“HICP”) published by Eurostat before the end of April in the year in which P failed to surrender the allowances shows an average percentage price increase as compared with the last HICP published before the end of April 2012, the sterling equivalent is increased by the same percentage.
