2013 No. 1119

The CRC Energy Efficiency Scheme Order 2013

PART 9

Charging

Chargeable activities

- 61.**—(1) In article 60, “chargeable activity” means any of the following—
- (a) registration of a participant;
 - (b) maintaining a participant for each year of a phase where it is a participant;
 - (c) establishing an account, other than a compliance account;
 - (d) maintaining such account for each year of a phase where it is required;
 - (e) making a determination under article 31(3).
- (2) The administrator—
- (a) must require the charge for registration as a participant to be paid before it makes the registration;
 - (b) in respect of any other charge, may require it to be paid before it carries out the relevant chargeable activity;
 - (c) is not required to reimburse a charge paid where—
 - (i) the chargeable activity is not completed; or
 - (ii) an applicant or participant liable to pay it does not remain within the scheme for all the period in respect of which the charge is payable or has been calculated.
