PART 2

The competent authority and miscellaneous provisions

Use of organic fertilisers and soil improvers

5.—(1) Where organic fertilisers or soil improvers are applied to land, no person may allow pigs to have access to that land or to be fed cut herbage from such land for a period of 60 days beginning with the day on which the organic fertiliser or soil improver is applied.

(2) Paragraph (1) does not apply to the following organic fertilisers or soil improvers—

- (a) manure;
- (b) milk;
- (c) milk-based products;
- (d) milk-derived products;
- (e) colostrum;
- (f) colostrum products; or
- (g) digestive tract content.
