2013 No. 971

ENVIRONMENTAL PROTECTION

**The Offshore Combustion Installations (Pollution
Prevention and Control) Regulations 2013**

<i>Made</i>	- - - -	<i>22nd April 2013</i>
<i>Laid before Parliament</i>		<i>25th April 2013</i>
<i>Coming into force</i>		<i>19th May 2013</i>

**THE OFFSHORE COMBUSTION INSTALLATIONS (POLLUTION
PREVENTION AND CONTROL) REGULATIONS 2013**

PART 1

Introduction

1. Citation, commencement and review
2. Interpretation
- 2A Aggregation

PART 2

Applications for permits and conditions in permits

3. Permits
4. Applications for permits : large combustion installations
- 4A Applications for permits: medium combustion plant
5. Making applications publicly available : large combustion installations
6. Applications for permits and variation of permits for large combustion installations: effects on the environment of other member States
7. Determining applications : large combustion installations
- 7A Determining applications: medium combustion plant
8. Granting and refusal of applications : large combustion installations
- 8A Granting and refusal of applications: medium combustion plant
9. Conditions in permits : large combustion installations
- 9A Conditions in permits: medium combustion plant
- 9B Conditions in permits: large and medium combustion plant
10. Emission limit values : large combustion installations
11. Greenhouse gases : large combustion installations

Changes to legislation: There are currently no known outstanding effects for the The Offshore Combustion Installations (Pollution Prevention and Control) Regulations 2013. (See end of Document for details)

- 11A Industrial Emissions Directive: large combustion plant
- 11B Emission limit values: medium combustion plant
- 11C Limited operating hours – existing medium combustion plant
- 11D Limited operating hours: new medium combustion plant
- 11E Temporary derogations: medium combustion plant
- 11F Simultaneous use of fuels: medium combustion plant
- 11G Emission limit values: compliance

PART 3

Variations of conditions in permits

- 12. Variation of operation of large combustion installations
- 12A Variation of existing permits: medium combustion plant
- 12B Variation of operation of medium combustion plant
- 13. Review of permits : large combustion installations
- 14. Variation of conditions in permits for large combustion installations following a review except further to regulation 13(2)(c)
- 15. Variation of conditions in permits for large combustion installations following a review further to regulation 13(2)(c)
- 15A Review of permits: medium combustion plant

PART 4

Revocation, surrenders and assignments

- 16. Revocation
- 17. Surrenders
- 18. Assignments
- 19. Revocation, surrenders and assignments: additional matters

PART 5

Transboundary projects, registers, fees and information notices

- 20. Transboundary projects in other member States
- 21. Register of large combustion installations
- 21A Register of medium combustion plant
- 22. Fees
- 23. Information notices and reporting

PART 6

Enforcement, appeals, and offences

- 24. Appointment of inspectors
- 25. Powers of inspectors
- 26. Admissible evidence
- 27. Environmental inspection plans and programmes : large combustion installations
- 28. Inspections : large combustion installations
- 29. Reports further to inspections : large combustion installations
- 30. Enforcement notices
- 31. Prohibition notices
- 32. Action by the Secretary of State on failure to comply with enforcement or prohibition notices
- 33. Appeals

- 34. Offences
- 35. Penalties
- 36. Bodies corporate and Scottish partnerships

PART 7

Notices, revocation, transitional provision and environmental information

- 37. Notices
 - 38. Revocation and transitional provision
 - 39. Environmental information
- Signature

SCHEDULE 1 — Criteria for determining best available techniques
The criteria referred to in regulation 9(1)(b) for determining best...

SCHEDULE 2 — Pollutants
The pollutants referred to in regulation 9(2) are—

Explanatory Note

Changes to legislation:

There are currently no known outstanding effects for the The Offshore Combustion Installations (Pollution Prevention and Control) Regulations 2013.
