2015 No. 2059

**The European Union (Recognition of
Professional Qualifications) Regulations 2015**

PART 4

European Professional Card

**Issue of European Professional Card for temporary and occasional provision of services
having public health or safety implications**

51.—(1) Where an applicant applies for a European Professional Card for the temporary and occasional provision of services in respect of professions having public health or safety implications the designated competent authority in the home State must within one month verify the authenticity and validity of the supporting documents in the IMI file.

(2) The period of one month starts upon receipt of any missing documents referred to in regulation 44(6), or if there are none, upon the expiry of one week of receipt of the application.

(3) The designated competent authority in the home State must then transmit the application immediately to the competent authority of the host State and inform the applicant of the status of the application at the same time.

(4) The actions taken by the designated competent authority in the home State under paragraph (1) replace any application for recognition of professional qualifications under the national law of the host State.
