

SCHEDULE 5

PARTICULARS TO BE INCLUDED IN A DESIGN NOTIFICATION OR A RELOCATION NOTIFICATION FOR A PRODUCTION INSTALLATION

5. A suitable plan of the intended location of the installation and of anything which may be connected to it, and particulars of—
 - (a) the meteorological and oceanographic conditions to which the installation may foreseeably be subject; and
 - (b) the properties of the seabed and subsoil at its intended location.

Changes to legislation:

There are currently no known outstanding effects for the The Offshore Installations (Offshore Safety Directive) (Safety Case etc.) Regulations 2015, Paragraph 5.
