

## SCHEDULE 9

### PARTICULARS TO BE INCLUDED IN A NOTIFICATION OF WELL OPERATIONS

9. In the case of an existing well—
  - (a) a diagram of the well;
  - (b) a summary of earlier operations in relation to it;
  - (c) the purposes for which it has been used;
  - (d) its current operational state;
  - (e) its state of repair;
  - (f) the physical conditions within it; and
  - (g) its production capacity.

**Changes to legislation:**

There are currently no known outstanding effects for the The Offshore Installations (Offshore Safety Directive) (Safety Case etc.) Regulations 2015, Paragraph 9.
