2015 No. 51

The Construction (Design and Management) Regulations 2015

PART 4

General requirements for all construction sites

Prevention of risk from fire, flooding or asphyxiation

29. Suitable and sufficient steps must be taken to prevent, so far as is reasonably practicable, the risk of injury to a person during the carrying out of construction work arising from—

- (a) fire or explosion;
- (b) flooding; or
- (c) any substance liable to cause asphyxiation.
