

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

SCHEDULE 11

Signs that give information, are advisory or guide traffic

PART 5

Permitted variants of the signs in Parts 2 and 4

41.—(1) An audible or tactile warning in the form of a raised rib may be incorporated into the white parts of the marking, in the manner shown at item 12 of the sign table in Part 4 of this Schedule, when the marking is used to delineate the boundary between an emergency refuge area and an actively managed hard shoulder.

(2) Ribs on an individual white mark must be 250 mm apart.
