

SCHEDULE

PART 3

Indirect effects of exposure

Action levels – thermal effects

Table AL7 – AL for contact currents

<i>Frequency of electromagnetic field in which an object is present</i>	<i>Contact current AL (I_C) [mA]</i>
100 kHz \leq f < 110 MHz	40

Notes

1. The AL is a root mean square value.
2. The AL represents the maximum steady state current created during a continuous contact with an object in an electromagnetic field.
