(3) The Company may, in accordance with the requirements of article 28, amend or revoke a direction given under paragraph (1).

Procedure for giving, amending or revoking general directions

28.—(1) Subject to paragraph (7), if the Company proposes to give, amend or revoke a general direction (“the proposal”), it must—

- (a) give notice in writing of the proposal to the Chamber of Shipping and the Royal Yachting Association and to such other persons or organisations as it considers appropriate for the purposes of the application of this provision (“designated consultees”);
- (b) consult with the designated consultees upon the proposal and allow a period of not less than 6 weeks from the date of the notice given in accordance with sub-paragraph (a) for written representations to be made by the designated consultees to the Company regarding the proposal;
- (c) have regard to any representations made by designated consultees during the consultation;
- (d) give notice in writing to the designated consultees following the consultation as to whether the Company proposes to proceed with the proposal and, if so, specifying whether it is making any modifications to the proposal and its reasons for so doing; and
- (e) if the Company proposes to proceed with the proposal and a designated consultee has made representations against the proposal, invite that designated consultee to confirm in writing whether they maintain their objection to the proposal within 28 days from the date of the notice given in accordance with sub-paragraph (d), or such longer periods as the Company may specify.

(2) Where the Company has complied with paragraph (1), it may proceed with the proposal if—

- (a) none of the designated consultees has made representations against the proposal;
- (b) none of the designated consultees which made representations against the proposal has confirmed in writing that they are maintaining their objection to the proposal in accordance with paragraph (1)(e); or
- (c) where at least one designated consultee has maintained an objection in accordance with paragraph (1)(e), the requirements of paragraph (3) have been complied with.

(3) Where at least one designated consultee has confirmed in writing to the Company that they maintain their objection to the proposal—

 - (i) by agreement between the Company and each designated consultee maintaining an objection in accordance with paragraph (1)(e) (“the parties”); or
 - (ii) failing agreement, by the President of the London Maritime Arbitrators Association on the application of either of the parties;
- (b) so far as is reasonably practicable within three months of the referral, the adjudicator must—
 - (i) provide a reasonable opportunity for the parties to make representations to or be heard by the adjudicator at a hearing; and
 - (ii) make a written report to the parties with findings and recommendations on the issue; and
- (c) the Company must decide whether to proceed with the proposal having regard to the adjudicator’s report (but is not bound to give effect to any recommendations) and, once it has decided, must give notice in writing to the designated consultees of its decision and the reasons for that decision.

(4) Except as otherwise provided for in paragraph (3), the adjudicator may determine the procedure for the making of representations and the conduct of any hearing.

(5) The costs incurred by the adjudicator and the parties from a referral under paragraph (3) are to be paid by one or more of the parties as the adjudicator may direct.

(6) If the Company wishes to proceed with the proposal in a form materially different from both the form notified to the designated consultees under paragraph (1)(d) and (where paragraph (3) applies) the form recommended by the adjudicator under paragraph (3)(b), it must proceed, unless all the designated consultees agree in writing that it need not, as if the proposal were a new proposal to which paragraph (1) applies.

(7) Paragraphs (1) to (6) do not apply where in the interests of navigational safety the Company proposes to give, amend or revoke a general direction applying to vessels or persons—

- (a) in an emergency; or
- (b) relating to an intended activity or operation within the harbour which—
 - (i) is expected to commence less than four months after the Company is notified or otherwise becomes aware of it;
 - (ii) is to last less than three months; and
 - (iii) the Company considers that the giving, amending or revocation of a general direction in relation to that activity or operation is required, taking into account other activities or operations in the harbour which may be affected.

(8) Where the Company proceeds to give, amend or revoke a general direction in accordance with paragraph (7), it must—

- (a) as soon as is practicable give notice of the direction, amendment or revocation to those persons who would have been designated consultees had paragraph (1)(a) applied; and
- (b) if the direction or amendment is intended to continue in force for more than three months or the revoked direction is not intended to be restored within that period, apply the procedure under paragraphs (1)(b) to (e) and (2) to (6) to the direction, amendment or revocation with the following modifications—
 - (i) a reference in those paragraphs to the ‘proposal’ is to be read as a reference to the direction, amendment or revocation;
 - (ii) in paragraph (1)(b), for “sub-paragraph (a)” substitute “paragraph (8)(a)”; and
 - (iii) a reference in those paragraphs to the Company proceeding with a proposal is to be read as a reference to the Company determining that the direction or amendment should remain in force or the revoked direction should not be restored.

Publication of general directions

29.—(1) Subject to paragraph (3), the Company must publish a notice of the giving, amendment or revocation of a general direction as soon as practicable on one occasion in a newspaper circulating in the locality of the harbour.

(2) The notice must state a place at which copies of the general direction as to be given, amended or revoked may be inspected.

(3) In an emergency, the Company may give notice of the giving, amendment or revocation of a general direction in any manner which they consider to be appropriate.

- (4) A special direction may be served in a manner considered by the harbour master to be appropriate and, where it is in respect of a vessel, must be addressed to the master of the vessel.
- (5) Where a special direction is to be given which applies to a person, the harbour master must, where possible, specify a particular person to whom the direction is addressed, either by name or by a description sufficient to enable the person to be readily identified.

(2) Where such a person fails to deposit or guarantee the sum of money required the Company may detain at the harbour the vessel or goods in respect of which the charge has been or will be incurred, until the requirement has been complied with or the charge has been paid.

Refusal to pay charges for landing place

42. An officer of the Company may prevent a vessel from using a landing place provided by the Company if the master of the vessel refuses to pay the charges for such use.

Recovery of charges
