(8) The FCA may extend the period allowed under the notice for making representations.

(9) If, having considered any representations made by the person, the FCA decides—

- (a) to vary the authorisation in the way proposed, or
- (b) if the authorisation has been varied, not to rescind the variation,

it must give the person notice.

(10) If, having considered any representations made by the person, the FCA decides—

- (a) not to vary the authorisation in the way proposed,
- (b) to vary the authorisation in a different way, or
- (c) to rescind a variation which has taken effect,

it must give the person notice.

(11) A notice given under paragraph (9) must inform the person of their right to refer the matter to the Upper Tribunal and the procedure for such a reference.

(12) A notice under paragraph (10)(b) must comply with paragraph (7).

(13) For the purposes of paragraph (2)(c), paragraphs (a) to (d) of section 391(8) of the 2000 Act (publication) apply to determine whether a matter is open to review.

## Limits on the use of payment instruments and access to payment accounts

**71.—(1)** Where a specific payment instrument is used for the purpose of giving consent to the execution of a payment transaction, the payer and its payment service provider may agree on spending limits for any payment transactions executed through that payment instrument.

(2) A framework contract may provide for the payment service provider to have the right to stop the use of a payment instrument on reasonable grounds relating to—

- (a) the security of the payment instrument;
- (b) the suspected unauthorised or fraudulent use of the payment instrument; or
- (c) in the case of a payment instrument with a credit line, a significantly increased risk that the payer may be unable to fulfil its liability to pay.

(3) The payment service provider must, in the manner agreed between the payment service provider and the payer and before carrying out any measures to stop the use of the payment instrument—

- (a) inform the payer that it intends to stop the use of the payment instrument; and
- (b) give its reasons for doing so.

(4) Where the payment service provider is unable to inform the payer in accordance with paragraph (3) before carrying out any measures to stop the use of the payment instrument, it must do so immediately after.

(6) The payment service provider must allow the use of the payment instrument or replace it with a new payment instrument as soon as practicable after the reasons for stopping its use cease to exist.

(7) An account servicing payment service provider may deny an account information service provider or a payment initiation service provider access to a payment account for reasonably justified and duly evidenced reasons relating to unauthorised or fraudulent access to the payment account by that account information service provider or payment initiation service provider, including the unauthorised or fraudulent initiation of a payment transaction.

- (a) the account servicing payment service provider must notify the payment service user of the denial of access and the reason for the denial of access, in the form agreed with the payment service user;
  - (b) the notification under sub-paragraph (a) must be provided before the denial of access if possible, or otherwise immediately after the denial of access;
  - (c) the account servicing payment service provider must immediately report the incident to the FCA in such form as the FCA may direct, and such report must include the details of the case and the reasons for taking action;
  - (d) the account servicing payment service provider must restore access to the account once the reasons for denying access no longer justify such denial of access.
- (9) Paragraph (8)(a) and (b) do not apply if notifying the payment service user—
- (a) would compromise reasonably justified security reasons; or
  - (b) is unlawful.
- (10) When the FCA receives a report under paragraph (8)(c), it must assess the case and take such measures as it considers appropriate.

#### **Obligations of the payment service user in relation to payment instruments and personalised security credentials**

- 72.—**(1) A payment service user to whom a payment instrument has been issued must—
- (a) use the payment instrument in accordance with the terms and conditions governing its issue and use; and
  - (b) notify the payment service provider in the agreed manner and without undue delay on becoming aware of the loss, theft, misappropriation or unauthorised use of the payment instrument.
- (2) Paragraph (1)(a) applies only in relation to terms and conditions that are objective, non-discriminatory and proportionate.
- (3) The payment service user must take all reasonable steps to keep safe personalised security credentials relating to a payment instrument or an account information service.

#### **Obligations of the payment service provider in relation to payment instruments**

- 73.—**(1) A payment service provider issuing a payment instrument must—
- (a) ensure that the personalised security credentials are not accessible to persons other than the payment service user to whom the payment instrument has been issued;
  - (b) not send an unsolicited payment instrument, except where a payment instrument already issued to a payment service user is to be replaced;
  - (c) ensure that appropriate means are available at all times to enable the payment service user to notify the payment service provider in accordance with regulation 72(1)(b) (notification of loss or unauthorised use of payment instrument) or to request that, in accordance with regulation 71(6), the use of the payment instrument is no longer stopped;
  - (d) on request, provide the payment service user at any time during a period of 18 months after the alleged date of notification under regulation 72(1)(b) with the means to prove that such notification to the payment service provider was made;
  - (e) provide the payment service user with an option to make a notification under regulation 72(1)(b) free of charge, and ensure that any costs charged are directly attributed to the replacement of the payment instrument;

(f) prevent any use of the payment instrument once notification has been made under regulation 72(1)(b).

(2) The payment service provider bears the risk of sending to the payment service user a payment instrument or any personalised security credentials relating to it.

(2) Where the payment service provider has failed to provide or make available information concerning the payment transaction in accordance with Part 6 of these Regulations (information requirements for payment services), the payment service user is entitled to redress under the regulations referred to in paragraph (1) notwithstanding that the payment service user has failed to notify the payment service provider as mentioned in that paragraph.

### **Evidence on authentication and execution of payment transactions**

**75.**—(1) Where a payment service user—

- (a) denies having authorised an executed payment transaction; or
- (b) claims that a payment transaction has not been correctly executed,

(2) If a payment transaction was initiated through a payment initiation service provider, it is for the payment initiation service provider to prove that, within its sphere of competence, the payment transaction was authenticated, accurately recorded and not affected by a technical breakdown or other deficiency linked to the payment initiation service.

(3) Where a payment service user denies having authorised an executed payment transaction, the use of a payment instrument recorded by the payment service provider, including a payment initiation service provider where appropriate, is not in itself necessarily sufficient to prove either that—

- (a) the payment transaction was authorised by the payer; or
- (b) the payer acted fraudulently or failed with intent or gross negligence to comply with regulation 72 (user's obligations in relation to payment instruments and personalised security credentials).

(4) If a payment service provider, including a payment initiation service provider where appropriate, claims that a payer acted fraudulently or failed with intent or gross negligence to comply with regulation 72, the payment service provider must provide supporting evidence to the payer.

- (2) The payment service provider must provide a refund under paragraph (1)(a) as soon as practicable, and in any event no later than the end of the business day following the day on which it becomes aware of the unauthorised transaction.
- (3) Paragraph (2) does not apply where the payment service provider has reasonable grounds to suspect fraudulent behaviour by the payment service user and notifies a person mentioned in section 333A(2) of the Proceeds of Crime Act 2002 (tipping off: regulated sector) <sup>F136</sup> of those grounds in writing.
- (4) When crediting a payment account under paragraph (1)(b), a payment service provider must ensure that the credit value date is no later than the date on which the amount of the unauthorised payment transaction was debited.
- (5) Where an unauthorised payment transaction was initiated through a payment initiation service provider—
  - (a) the account servicing payment service provider must comply with paragraph (1);
  - (b) if the payment initiation service provider is liable for the unauthorised payment transaction (in relation to which see regulation 75(2)) the payment initiation service provider must, on the request of the account servicing payment service provider, compensate the account servicing payment service provider immediately for the losses incurred or sums paid as a result of complying with paragraph (1), including the amount of the unauthorised transaction.

- (2) Paragraph (1) does not apply if—
  - (a) the loss, theft or misappropriation of the payment instrument was not detectable by the payer prior to the payment, except where the payer acted fraudulently; or
  - (b) the loss was caused by acts or omissions of an employee, agent or branch of a payment service provider or of an entity which carried out activities on behalf of the payment service provider.
- (3) The payer is liable for all losses incurred in respect of an unauthorised payment transaction where the payer—
  - (a) has acted fraudulently; or
  - (b) has with intent or gross negligence failed to comply with regulation 72 (obligations of the payment service user in relation to payment instruments and personalised security credentials).
- (4) Except where the payer has acted fraudulently, the payer is not liable for any losses incurred in respect of an unauthorised payment transaction—
  - (a) arising after notification under regulation 72(1)(b);

- (b) where the payment service provider has failed at any time to provide, in accordance with regulation 73(1)(c) (obligations of the payment service provider in relation to payment instruments), appropriate means for notification;
  - (c) where regulation 100 (authentication) requires the application of strong customer authentication, but the payer's payment service provider does not require strong customer authentication; or
  - (d) where the payment instrument has been used in connection with a distance contract (other than an excepted contract).

- “excepted contract” means a contract that—
- (a) falls to any extent within regulation 6(1) of those Regulations (limits of application: general); or
  - (b) falls within regulation 6(2) of those Regulations.
- (6) Where regulation 100 requires the application of strong customer authentication, but the payee or the payee's payment service provider does not accept strong customer authentication, the payee or the payee's payment service provider, or both (as the case may be), must compensate the payer's payment service provider for the losses incurred or sums paid as a result of complying with regulation 76(1).

**78.** Where a card-based payment transaction is initiated by or through the payee and the amount of the transaction is not known when the payer authorises the transaction—

- (a) the payer's payment service provider may not block funds on the payer's payment account unless the payer has authorised the exact amount of the funds to be blocked; and
- (b) the payer's payment service provider must release the blocked funds without undue delay after becoming aware of the amount of the payment transaction, and in any event immediately after receipt of the payment order.

### **Refunds for payment transactions initiated by or through a payee**

**79.—(1)** Where the conditions in paragraph (2) and the requirement in regulation 80(1) are satisfied, the payer is entitled to a refund from its payment service provider of the full amount of any authorised payment transaction initiated by or through the payee.

(2) The conditions are that—

- (a) the authorisation did not specify the exact amount of the payment transaction when the authorisation was given in accordance with regulation 67 (consent and withdrawal of consent); and

  - (i) safeguard against specific risks such as settlement risk, operational risk or business risk; or
  - (ii) protect the financial and operational stability of the payment system.

(2) Paragraph (1) applies only to such payment service providers as are legal persons.

(3) Rules or conditions governing access to, or participation in, a payment system must not, in respect of payment service providers, payment service users or other payment systems—

(2) Access to payment accounts services granted to a payment service provider pursuant to paragraph (1) must be sufficiently extensive to allow the payment service provider to provide payment services in an unhindered and efficient manner.

(3) If a credit institution refuses a request for access to such services from a payment service provider of the types mentioned in paragraph (1)(a), or withdraws access to such services for such a payment service provider, it must notify the FCA.
