The Electricity and Gas (Energy
Company Obligation) Order 2018

PART 3

Determining obligations

Determining obligations for a participant who is a member of a group

8.—(1) Where this article applies—

- (a) if the participant has notified under article 5(3) a supply of electricity or gas for the group in the qualification year for the phase which does not exceed a qualifying supply, the participant's home-heating cost reduction obligation and solid wall minimum requirement for the phase are zero;
- (b) in any other case, the participant's home-heating cost reduction obligation and solid wall minimum requirement for the phase are each to be calculated in accordance with the following formula—

$$\frac{A \times Tg}{T} \times \frac{B}{C}$$

(2) In paragraph (1)(b)—

- (a) "A" and "T" have the same meaning as in article 7;
- (b) "Tg" is the amount of electricity or gas, as applicable, supplied in the qualification year for the phase by the group of which the participant is a member as determined—
 - (i) for phase 1, in accordance with article 9(3);
 - (ii) for phases 2 to 4, in accordance with article 10(3);
- (c) "B" is the amount of electricity or gas notified by the participant under article 5(2) for the qualification year for the phase; and
- (d) "C" is the amount of electricity or gas notified by the participant under article 5(3) as supplied in the qualification year for the phase by the group of which the participant is a member.
