Licensing) (Amendment) Regulations 2018**

Restrictions on when flight accommodation may be made available

11.—(1) For regulation 15 (restrictions on when flight accommodation may be made available), substitute—

“(1) A person cannot, in the capacity of an agent for an ATOL holder, rely on the exemption in regulation 10(1)(a) when making available flight accommodation which constitutes a component of a package unless both of the conditions in paragraph (2) are met.

(2) The conditions are that—

- (a) the person’s involvement in the creation of the package is limited to selecting or enabling a consumer to select from a closed group of travel services made available by the ATOL holder; and
- (b) the ATOL holder (and not the agent for the ATOL holder) is responsible for and performs the obligations imposed on the organiser of the package under the Package Travel Regulations.”
