PART 4

Injury and causation

Cumulation

34.—(1) This regulation applies where goods from more than one foreign country or territory are subject to simultaneous dumping or subsidisation investigations by the TRA.

(2) Where this regulation applies, the TRA may cumulatively assess the effects of all the dumped goods or subsidised imports, as the case may be, pursuant to paragraph 5(4) of Schedule 4 to the Act, provided that—

- (a) the amount of dumping or subsidisation established in relation to the dumped goods or subsidised imports from each foreign country or territory is more than minimal;
- (b) the volume of the dumped goods or subsidised imports imported from each foreign country or territory is not negligible; and
- (c) the TRA considers that a cumulative assessment is appropriate in light of the conditions of competition.

(3) For the purpose of paragraph (2)(c), the TRA must consider the conditions of competition between—

- (a) the imports of the dumped goods or subsidised imports from different sources; and
- (b) the dumped goods or subsidised imports and the like goods in the United Kingdom.
