**2019 No. 450**

**The Trade Remedies (Dumping and  
Subsidisation) (EU Exit) Regulations 2019**

**PART 11**

Miscellaneous

**Relevant period in a dumping investigation**

**91.**—(1) The TRA may recommend that an anti-dumping amount should apply to goods from the relevant date specified in paragraph 19(3)(a)(i) of Schedule 4 to the Act where paragraph (2) applies.

(2) This paragraph applies where the Secretary of State has published a notice under paragraph 29(1) of Schedule 4 to the Act and the TRA considers in a dumping investigation that—

- (a) there is a history of dumping which caused injury or the importer is, or should have been, aware that the overseas exporter practises dumping and that such dumping would cause injury to a UK industry;
- (b) the injury caused to a UK industry was caused by a massive volume of dumped goods in a short period of time; and
- (c) in light of the timing and volume of the dumped goods and other circumstances (for example a rapid build-up of inventories of the dumped goods), the application of the anti-dumping amount to be applied is likely to seriously undermine the remedial effect of that amount.

(3) Before making the recommendation in paragraph (1), the TRA must allow importers to submit any evidence they consider relevant.
