Security Features) Regulations 2019**

PART 3

Traceability system

Access to anti-tampering device records

10. Where HMRC have made a request in writing under Article 7(5) of the Commission Implementing Regulation to a manufacturer or importer of tobacco products for full access to the record of the verification process created by an anti-tampering device, the manufacturer or importer must provide HMRC with such access within a period of 30 days beginning on the day on which the request is made.
