

**EXPLANATORY MEMORANDUM TO**  
**THE INSPIRE (AMENDMENT) (EU EXIT) REGULATIONS 2020**  
**2020 No. 1091**

**1. Introduction**

- 1.1 This explanatory memorandum has been prepared by the Department for Environment, Food and Rural Affairs (“Defra”) and is laid before Parliament by Command of Her Majesty.
- 1.2 This memorandum contains information for the Joint Committee on Statutory Instruments.

**2. Purpose of the instrument**

- 2.1 This instrument amends deficiencies in Commission Implementing Decision (EU) 2019/1372 implementing Directive 2007/2/EC of the European Parliament and of the Council of 14 March 2007 establishing an Infrastructure for Spatial Information in the European Community (INSPIRE) which established a European spatial data infrastructure (“SDI”). Directive 2007/2/EC requires Member States to operate national SDIs. Commission Implementing Decision (EU) 2019/1372 replaced Commission Decision 2009/442/EC. Commission Implementing Decision (EU) 2019/1372 simplifies arrangements for monitoring the use of the SDI and reporting on the cost, benefits and governance of implementation.
- 2.2 This instrument also makes consequential amendments to the INSPIRE (Amendment) (EU Exit) Regulations 2018 (S.I. 2018/1338). This will ensure that amendments made to the UK INSPIRE Regulations 2009 (S.I. 2009/3157) which incorporated the INSPIRE Directive into UK law covering England, Wales and Northern Ireland reflect the new Commission Decision and will be operable after the UK exits the EU.
- 2.3 This instrument makes similar consequential amendments to the INSPIRE (EU Exit) (Scotland) (Amendment) Regulations 2019 (S.S.I. 103/2019), at the request of the Scottish Government.
- 2.4 This instrument also makes consequential amendments to The Environment (Legislative Functions from Directives) (EU Exit) Regulations 2019 1350/2019 which are necessary as a result of the replacement of Commission Decision 2009/442/EC by Commission Implementing Decision (EU) 2019/1372. These amendments are made to ensure that the regulation making power in The Environment (Legislative Functions from Directives) (EU Exit) Regulations 2019 1350/2019 can be used as necessary to amend Commission Implementing Decision (EU) 2019/1372.
- 2.5 These amendments are being made to enable the continued operability of the INSPIRE legislative architecture as retained EU law under the European Union (Withdrawal) Act 2018, following the UK’s withdrawal from the EU. The INSPIRE Directive was implemented in England and Wales and Northern Ireland by INSPIRE Regulations 2009 (S.I. 2009/3157), and in Scotland by INSPIRE (Scotland) Regulations 2009 (S.S.I. 2009/440).

## *Explanations*

### What did any relevant EU law do before exit day?

- 2.6 The INSPIRE Regulations 2009 require public authorities to make available under harmonised conditions spatial data falling under one of 34 data themes which were set out in the INSPIRE Directive. The rationale for the INSPIRE Directive is to improve environmental decision making at all levels of government.

### Why is it being changed?

- 2.7 As retained EU law, Commission Implementing Decision (EU) 2019/1372 would not be effective in UK law due to the deficiencies within its provisions which arise as a result of the withdrawal of the UK from the EU. This instrument makes amendments to the existing legislation described above in order to ensure the INSPIRE legislation is operable after EU Exit. The changes include amending references to EU terms, EU institutions and EU administrative processes to UK equivalent terminology, and updating cross-references to other legislation. Requirements to report to the Commission on implementation, costs and benefits and on use of the SDI have also been amended to require the appropriate UK authority to publish reports.

### What will it now do?

- 2.8 Following the UK's withdrawal from the European Union, Commission Implementing Decision (EU) 2019/1372, as amended by this instrument, will continue to implement the SDI established by the INSPIRE Directive in the UK under harmonised conditions.

## **3. Matters of special interest to Parliament**

### *Matters of special interest to the Joint Committee on Statutory Instruments*

- 3.1 The INSPIRE (Amendment) (EU Exit) Regulations 2019 (S.I. 2019/1352) were laid on 15 October 2019. They were considered by the Joint Committee on Statutory Instruments on 23 October 2019 and by the Secondary Legislation Scrutiny Committee on 29 October 2019. They subsequently expired by virtue of paragraph 5(4) of Part 1 of Schedule 7 to the European Union (Withdrawal) Act 2018 because they were not approved by a resolution of each House of Parliament within the specified period. This instrument replicates those Regulations.

### *Matters relevant to Standing Orders Nos. 83P and 83T of the Standing Orders of the House of Commons relating to Public Business (English Votes for English Laws)*

- 3.2 The territorial application of this instrument includes Scotland and Northern Ireland.
- 3.3 The powers under which this instrument is made cover the entire UK (see section 24 of the European Union (Withdrawal) Act 2018) and the territorial application of this instrument is not limited either by the Act or by the instrument.

## **4. Extent and Territorial Application**

- 4.1 The territorial extent of this instrument is the UK, apart from regulation 3 which extends to England and Wales and Northern Ireland, and regulation 4 which extends to Scotland.

4.2 The territorial application of this instrument is the UK, apart from regulation 3 which applies to England, Wales and Northern Ireland, and regulation 4 which applies to Scotland.

## **5. European Convention on Human Rights**

5.1 The Parliamentary Under Secretary of State, Rebecca Pow MP, has made the following statement regarding Human Rights:

“In my view the provisions of The INSPIRE (Amendment) (EU Exit) Regulations 2020 are compatible with the Convention rights”.

## **6. Legislative Context**

6.1 The European Union (Withdrawal) Act 2018 converts EU law as it stood at the point of EU Exit into domestic law. It also confers temporary powers to make secondary legislation to enable corrections to be made to the laws that would otherwise no longer operate appropriately once the UK has left the EU. This instrument is made under the powers in section 8(1) of, and paragraph 21 of Schedule 7 to, that Act, in particular to address the categories of deficiencies in retained EU law specified in section 8(2)(a), (b), (d) and (g) of that Act.

6.2 Regulation 5 amends the Environment (Legislative Functions from Directives) (EU Exit) Regulations 2019. That instrument has been laid in draft but has not yet been made. However, it will be made before this amending instrument is made.

## **7. Policy background**

### *What is being done and why?*

7.1 The UK SDI was established by the INSPIRE Regulations 2009 which implemented the INSPIRE Directive. The Directive grants the European Commission powers to create and amend implementing rules laying down technical arrangements for: metadata; the interoperability and harmonisation of spatial data sets and services; network services; and reports of monitoring implementation and use of the SDI. The Environment (Legislative Functions from Directives) (EU Exit) Regulations 2019 1350/2019 converted the Commission’s powers to make and amend those implementing rules into domestic powers following EU Exit.

7.2 This instrument corrects deficiencies that arise in the INSPIRE Regulations 2009 as a consequence of EU Exit and from the repeal and replacement of Commission Decision 2009/442/EC by Commission Implementing Decision (EU) 2019/1372 (as regards monitoring and reporting) and the amendment of the INSPIRE Directive. This is done to ensure legal operability of the INSPIRE Regulations 2009 and the relevant retained EU law after EU Exit.

7.3 This instrument also amends The Environment (Legislative Functions from Directives) (EU Exit) Regulations 2019 1350/2019 to address deficiencies that arise from the amendments to the INSPIRE Directive.

7.4 Similar amendments are made to correct similar deficiencies in the INSPIRE Regulations (Scotland) (S.S.I. 2009/440), at the request of the Scottish Government.

7.5 The intention of the amendments made in this instrument is to ensure the UK has a set of regulations which, on EU Exit, set out the same technical arrangements for an SDI as the EU regulations do for EU Member States.

## **8. European Union (Withdrawal) Act 2018/Withdrawal of the United Kingdom from the European Union**

- 8.1 This instrument is being made using the power in section 8 of the European Union (Withdrawal) Act 2018 in order to address failures of retained EU law to operate effectively or other deficiencies arising from the withdrawal of the UK from the EU. In accordance with the requirements of that Act the Minister has made the relevant statements as detailed in Part 2 of the Annex to this explanatory memorandum.

## **9. Consolidation**

- 9.1 Consolidation is not required.

## **10. Consultation outcome**

- 10.1 Government informally engaged stakeholders on the proposed approaches. No substantive comments or issues were raised.
- 10.2 The Devolved Administrations were closely consulted on the approach taken during the drafting of this instrument and were given the opportunity to propose amendments to the text.

## **11. Guidance**

- 11.1 No guidance specific to this instrument or the amendments is required.

## **12. Impact**

- 12.1 There is no, or no significant impact on business, charities or voluntary bodies as existing regulatory standards have not changed.
- 12.2 There is no, or no significant impact on the public sector as existing regulatory standards have not changed.
- 12.3 An Impact Assessment has not been prepared for this instrument because no, or no significant, impact on the private or voluntary sector is foreseen.

## **13. Regulating small business**

- 13.1 The legislation does not apply to activities that are undertaken by small businesses.

## **14. Monitoring & review**

- 14.1 The approach to monitoring of this legislation is that Defra, as well as the Devolved Administrations in relation to devolved matters, will monitor and review the impact of the instrument as part of their standard policy-making procedures.
- 14.2 As this instrument is made under the European Union (Withdrawal) Act 2018, no review clause is required.
