The Green Gas Support Scheme Regulations 2021

PART 1

Introductory

The Green Gas Support Scheme

3. A scheme to be known as the Green Gas Support Scheme, which is a scheme to facilitate and encourage the production of biomethane for injection by anaerobic digestion (“the Scheme”)(**1**), is established in accordance with these Regulations.

(1) Section 100 of the 2008 Act enables the Secretary of State to make Regulations establishing a scheme to facilitate and encourage “renewable generation of heat”, which means the generation of heat by means of sources of energy including biogas.
