PUBLIC HEALTH, ENGLAND

The Health Protection (Coronavirus, International Travel and Operator Liability) (England) (Amendment) (No. 26) Regulations 2021

<i>Made</i>	- - - -	<i>16th December 2021</i>
<i>Laid before Parliament</i>		<i>17th December 2021 at 4.00 a.m. on 18th December 2021</i>
<i>Coming into force</i>	- -	

The Secretary of State makes the following Regulations in exercise of the powers conferred by sections 45B, 45C, 45F(2) and 45P(2) of the Public Health (Control of Disease) Act 1984⁽¹⁾.

In accordance with section 45Q(3) of that Act, the Secretary of State is of the opinion that these Regulations do not contain any provision made by virtue of section 45C(3)(c) of the Act which imposes or enables the imposition of a special restriction or requirement or any other restriction or requirement which would have a significant effect on a person's rights.

Citation, commencement, extent, application and interpretation

1.—(1) These Regulations may be cited as the Health Protection (Coronavirus, International Travel and Operator Liability) (England) (Amendment) (No. 26) Regulations 2021.

Transitional provisions and savings

12.—(1) In relation to any person who arrived in England before the coming into force of these Regulations, the International Travel Regulations apply as if the amendments made by the provisions of these Regulations, other than regulation 4, had not been made.

- (2) Where—
 - (a) a person (“P”) is a relevant child who immediately before the commencement day was required to self-isolate in accordance with regulation 3K of the International Travel Regulations, and

(4) [S.I. 2010/659](#); amended by [S.I. 2020/1175](#) and [1179](#). There are other amending instruments but none is relevant.

- (b) before that day, a person (“A”) who accompanied P when P travelled to England was notified, in accordance with paragraph 11(2) of Schedule 8 to the International Travel Regulations, of the result of a day 2 test which A was required to take by regulation 3J or 6 of those Regulations,

the period for which P is required to self-isolate in accordance with regulation 3K of those Regulations ends on the commencement day.

(3) Where—

- (a) it was not reasonably practicable for a person (“P”) to undertake a day 2 test in accordance with regulation 3J of the International Travel Regulations due to a disability,
- (b) immediately before the commencement day, P was required to self-isolate in accordance with regulation 3K of those Regulations, and
- (c) before that day, a person (“A”) who accompanied P when P travelled to England was notified, in accordance with paragraph 11(2) of Schedule 8 to the International Travel Regulations, of the result of a day 2 test which A was required to take by regulation 3J or 6 of those Regulations,

the period for which P is required to self-isolate in accordance with regulation 3K of those Regulations ends on the commencement day.

(4) Where—

- (a) a person (“P”) is a relevant child who immediately before the commencement day was required to self-isolate in accordance with regulation 3K of the International Travel Regulations and was not accompanied by any person when they travelled to England who was required by regulation 3J or 6 of those Regulations to take a day 2 test, and
- (b) P undertakes a replacement test on or after the commencement day,

P is to be treated as if P had undertaken an optional day 2 test for the purposes of regulation 3K of those Regulations as amended by these Regulations.

(5) In this regulation—

“the commencement day” means 4.00 a.m. on 18th December 2021;

“relevant child” means a child who was under the age of five upon arrival in England;

“replacement test” means a test meeting the requirements of a day 2 test (within the meaning of regulation 3J of the International Travel Regulations) save as to the time at which it is to be taken and the fact that P is not required by that regulation to take the test.

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations amend the Health Protection (Coronavirus, International Travel and Operator Liability) (England) Regulations 2021 (S.I. 2021/582) (“the International Travel Regulations”).

Regulation 3 amends regulation 3J of the International Travel Regulations so that eligible travellers in transit are not required to take a day 2 test under that provision.

Regulation 4 amends regulation 3K of the International Travel Regulations—

- (a) to make clear that those persons to whom the work place testing regime in regulation 7 or 8 of the International Travel Regulations applies are not required to comply with that regulation;
- (b) to ensure that the other exemptions from the requirement to self-isolate under that regulation are consistent with those in regulation 9(15);
- (c) so that eligible travellers who are not required by reason of their age, or are not able by reason of a disability, to take a day 2 test can stop self-isolating when a member of the party which they travelled with receives the result of their day 2 test;
- (d) to enable a child who is under the age of 5 and travels unaccompanied to take an optional day 2 test following their arrival in England. If the result of that test is negative, they may cease to self-isolate.

Amendments are made to the definition of “required notification” for the purposes of regulations 3ZA and 17 of the International Travel Regulations so that a notification issued by an approved third country or territory may be accepted if it states the name of the country or territory in which the relevant test was carried out (regulations 5 and 8).

Regulation 6 amends regulation 19 of the International Travel Regulations to create an offence of knowingly giving false information pursuant to regulation 2A of the Self-Isolation Regulations, as it applies by virtue of paragraph 3(2A) of Schedule 8. Consequential amendments are made to Schedule 14 to the Regulations (amount of fixed penalties) (regulation 9).

Regulation 7 adds additional sporting events to the list in Schedule 5 to the International Travel Regulations.

These Regulations also make other minor and consequential amendments to the International Travel Regulations.

These Regulations also make minor amendments to the Health Protection (Notification) Regulations 2010, to remove obsolete cross references.
