

EXPLANATORY MEMORANDUM TO
THE NATIONAL HEALTH SERVICE COMMISSIONING BOARD AND CLINICAL
COMMISSIONING GROUPS (RESPONSIBILITIES AND STANDING RULES)
(AMENDMENT) REGULATIONS 2021

2021 No. 286

1. Introduction

- 1.1 This explanatory memorandum has been prepared by the Department of Health and Social Care ('DHSC') and is laid before Parliament by Command of Her Majesty.

2. Purpose of the instrument

- 2.1 This instrument amends the National Health Service Commissioning Board and Clinical Commissioning Groups (Responsibilities and Standing Rules) Regulations 2012 ("the 2012 Regulations"), which provide for a range of matters relating to the functioning and commissioning responsibilities of the National Health Service Commissioning Board (known as NHS England) and clinical commissioning groups (CCGs). This instrument amends the 2012 Regulations to increase the rates of NHS-funded Nursing Care payable by the relevant body (NHS England or CCGs).

3. Matters of special interest to Parliament

Matters of special interest to the Joint Committee on Statutory Instruments

- 3.1 None.

Matters relevant to Standing Orders Nos. 83P and 83T of the Standing Orders of the House of Commons relating to Public Business (English Votes for English Laws)

- 3.2 As this instrument is subject to negative resolution procedure there are no matters relevant to Standing Orders Nos. 83P and 83T of the Standing Orders of the House of Commons relating to Public Business at this stage.

4. Extent and Territorial Application

- 4.1 The territorial extent of this instrument is England and Wales.
4.2 The territorial application of this instrument is England.

5. European Convention on Human Rights

- 5.1 As the instrument is subject to negative resolution procedure and does not amend primary legislation, no statement is required.

6. Legislative Context

- 6.1 Section 6E of the National Health Service Act 2006 (the 2006 Act) was inserted by section 20 of the Health and Social Care Act 2012. It enables the Secretary of State to impose requirements by regulations on NHS England and CCGs when they are exercising their functions of commissioning health services. These requirements are known as the "Standing Rules" because they are intended to set core, ongoing

requirements for the health service. The first set of Standing Rules was made as part of the 2012 Regulations.

- 6.2 Part 6 of the 2012 Regulations makes provision about NHS Continuing Healthcare and NHS-funded Nursing Care. Regulation 20 sets out the flat rate and high band payments payable in respect of NHS-funded Nursing Care. The amendment to Regulation 20 increases both of the rates payable for NHS-funded Nursing Care (FNC).

7. Policy background

What is being done and why

- 7.1 NHS-funded Nursing Care is the funding provided by the NHS to care homes providing nursing, to support the provision of nursing care by a registered nurse for those assessed as eligible. If an individual does not qualify for NHS Continuing Healthcare, the need for care from a registered nurse should be determined. If the individual has such a need and it is determined that the individual's overall needs would be most appropriately met in a care home providing nursing care, then this would consequently lead to eligibility for NHS-funded Nursing Care. Once the need for such care is agreed, the relevant body's responsibility to pay a flat rate contribution to the care home towards registered nursing care costs arises.
- 7.2 There are two rates of NHS-funded Nursing Care payable, the flat rate and the higher rate. The single band of NHS-funded nursing care was introduced on 1 October 2007 and replaced the previous low, medium and high bands of nursing care. The single band is a contribution towards the cost of services provided by a registered nurse, involving either the provision of care or the planning, supervision or delegation of the provision of care, but it does not cover services which do not need to be provided or supervised by a registered nurse. All individuals newly eligible for NHS-funded nursing care since 1 October 2007 have been placed on the flat rate. The NHS is responsible for this funding. Accommodation and social care costs are the responsibility of either the local authority and/or the individual (subject to the outcome of a needs assessment and financial assessment). Individuals who were in receipt of the high band of NHS-funded Nursing Care under the three-band system that was in force until 30 September 2007 are entitled to continue on the high band until:
- a) on review, it is determined that they no longer have any need for nursing care;
 - b) on review, it is determined that their needs have changed, so that under the previous three-band system, they would have moved onto the medium or low bands. In this situation, the individual should be moved onto the standard rate /single band;
 - c) they are no longer resident in a care home that provides nursing care;
 - d) they become eligible for NHS continuing healthcare; or
 - e) they die.

CCGs must continue to make NHS-funded nursing care contributions in respect of those individuals who were deemed eligible for this funding prior to 1 April 2013, until such time as any of the circumstances listed above apply.

- 7.3 The rates currently set out in the 2012 Regulations (as amended), for the 2020-21 financial year, are £183.92 per week for the flat rate payment and £253.02 per week for the high band payment.
- 7.4 Following a challenge to the rate set for 2019-20, the 2019-20 FNC rate was set in line with the recommendations contained within an independent study produced by LaingBuisson. In 2020-21, the FNC rate was also set in accordance with LaingBuisson recommendations, and increased by 2% in line with NHS wage inflation.
- 7.5 For 2021-22, a decision has been taken to again set the rate in accordance with LaingBuisson recommendations, and to increase the rate by 2% from the previous financial year, to account for annual wage inflation. These Regulations therefore amend the rates set out in the Standing Rules to £187.60 per week for the flat rate payment and £258.08 for the high band payment (an increase of 2%).

COVID-19

- 7.6 COVID-19 has created significant challenges and uncertainties for the adult social care sector and its workforce, who have been so dedicated throughout the pandemic. Due to the changing nature of the pandemic, the Government will be doing further work with the sector to develop a more robust understanding of how COVID-19 is impacting the provision of NHS-funded nursing care and associated costs, consider the extent to which any costs are met through other funding streams and reflect on the outcome of this work.

8. European Union (Withdrawal) Act 2018/Withdrawal of the United Kingdom from the European Union

- 8.1 This instrument does not relate to withdrawal from the European Union / trigger the statement requirements under the European Union (Withdrawal) Act 2018.

9. Consolidation

- 9.1 This instrument does not consolidate any legislation.

10. Consultation outcome

- 10.1 There is no statutory requirement to consult on this amendment.
- 10.2 There was no formal consultation on the amendment to the rates of NHS-funded Nursing Care.

11. Guidance

- 11.1 Guidance on NHS-funded Nursing Care is available in the National Framework for NHS Continuing Healthcare and NHS-funded Nursing Care October 2018 (Revised)¹ and in the NHS-funded Nursing Care Practice Guidance December 2018 (Revised).²

²https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/783034/NHS-funded_Nursing_Care_Practice_Guidance_2018.pdf

12. Impact

- 12.1 There is a positive impact on business, charities or voluntary bodies who provide nursing home services, with an increase in the rate and therefore the money they receive for providing nursing services to NHS-funded Nursing Care eligible individuals from CCGs.
- 12.2 The impact on the public sector is a negative financial impact on CCGs, who pay NHS-funded Nursing Care rates through their existing allocation.
- 12.3 An Impact Assessment has not been prepared for this instrument because the rate does not reflect a change in policy.

13. Regulating small business

- 13.1 This instrument legislation applies to activities that are undertaken by small businesses.
- 13.2 To minimise the impact of the requirements on small businesses (employing up to 50 people), the approach taken is that there is a flat rate of funding covering the provision of nursing care by a registered nurse. This is provided regardless of the size of the care home or business, meaning small businesses will not be negatively impacted.

14. Monitoring & review

- 14.1 The approach to monitoring of this legislation is reviewing annually and updating as required.
- 14.2 This instrument does not include a statutory review clause.

15. Contact

- 15.1 Lisa Schulze at the Department of Health and Social Care on telephone: 0113 254 5327 or email: fnc@dhsc.gov.uk can be contacted for any queries regarding the instrument.
- 15.2 Victoria Dare, Deputy Director for Charging Policy and Reform in Adult Social Care Group at the Department of Health and Social Care can confirm that this explanatory memorandum meets the required standard.
- 15.3 Helen Whatley MP, Minister of State (Minister for Care) at the Department of Health and Social Care can confirm that this explanatory memorandum meets the required standard.
