The Space Industry Regulations 2021

PART 16

Occurrence reporting

CHAPTER 2

Duty to report an occurrence and the objective of that report

**Duty to report an occurrence**

**271.**—(1) A licensee must report an occurrence to the regulator.

(2) The occurrence report must be in writing and sent to the regulator within 72 hours of the time at which the licensee became aware of the occurrence.

(3) The licensee must prepare the occurrence report having regard to the objective of the report referred to in regulation [272](#).

**Objective of an occurrence report**

**272.** The sole objective of an occurrence report is the prevention of spaceflight accidents or major accidents, without the apportionment of blame or liability.
